.....

.....

49. Mary's kitenge dress has many colours.

(Re-write the sentence ending:.....multi-coloured.)

.....

.....

50. The moon gives bright light. The sun gives very bright light.

(Re-write as one sentence using:.....as .....as .....)

.....

.....

SECTION B

*(Questions **51** to **55** carry **ten** marks each)*

51. *Read the passage below carefully and answer, in full sentences, the questions that follow.*

When Keith announced that he would join politics, many people were surprised. This is because everybody knew that Keith is not a good speaker and couldn't be a good politician. "You aren't good at speaking and you are a stammerer," Mary told him off. "How then will you convince the people?" Zeddy added his voice to that of Molly's. He too doubted Keith's oral skills and expression.

"I want to vie for Member of Parliament in my new constituency of Buteba," said Keith with confidence. All his supporters **concurred** with him. They gave reason that Keith is popular and famous among the electorate. Furthermore, they said that politics is not just about good speaking but about being developmental and working for the welfare of the people.

These words encouraged Keith and he picked the nomination forms. His nominator was Ms. Sarah and the seconders were Nathan Sam and Juma Ali. Keith stood as an independent candidate. He traversed all areas of Butebo campaigning door to door. He also had open campaigns with his opponents in other political parties. The more he addressed the people, the more he improved his on his speaking skills.

At the end of the campaign period, Keith had attracted scores of people: men, women and the youth. On Election Day, he was declared winner with nine thousand fifty votes and the **runner up** got six thousand seventy five votes. Keith is now looking forward to being sworn in as an MP in the next parliament.

a) How did people feel when Keith announced that he would join politics?

.....

.....

b) Why wouldn't Keith be a good politician?

.....

.....

c) Which two people doubted Keith's ability to be a politician?

.....

.....

d) Which political post did Keith vie for?

.....

.....

e) What is Keith's constituency?

.....

.....

f) Who nominated Keith?

.....

.....

e) How many votes did Keith get?

.....

.....

f) Give a word or group of words with the same meaning as each of the words in (h) and (i).

h) concurred.....

i) runner-up .....

g) Suggest a suitable title for the above passage.

.....

.....

52. A *The table below shows a list of P6 pupils of Nkusi Primary School for the year 2019. Study the information in it and answer the questions that follow in full sentences.*

S/N	NAME	SEX	AGE	Y.O.B	REMARK
1.	Alum Kelvin	F	12	2007	Promoted
2.	Awor Imelda	F	14	2005	Repeated class
3.	Eremye Haruna	M	12	2007	Promoted
4.	Kafuti Jeff	M	15	2004	**Ex.**
5.	Galandi Paul	M	12	2007	**CS**

KEY Y.O.B: Year of birth **CS:** Changed school **Ex.:** Expelled

a) For which school is the information above?

.....

.....

b) Who was the oldest pupil in the class?

.....

.....

c) Which pupil changed the school?

.....

.....

d) Why do you think Awor Imelda repeated the class?

.....

.....

e) For which class is the information above?

.....

.....

52 (B) *Read the invitation below and answer, in full sentences, the questions that follow.*

The family of **Mr. and Mrs. Ssali Pater of Kazo** village with pleasure invites the company of

Mr. and Mrs. Watenga Stanley

to the wedding ceremony of their children **Kafeero Patrick** and **Nalwanga Cate** which will take place on Saturday 26th November, 2021 at 1pm at St. Peter's Church Mityana and thereafter a reception at Enro Hotel gardens.

RSVP

Rebecca Muhima 0772 123568 Mutahi Isaac 0785 568954

a) Who has been invited?

.....

.....

b) When will the wedding take place?

.....

.....

c) Where will the reception take place?

.....

.....

d) Who can one contact in case one won't be able to attend the function?

.....

.....

e) Write **RSVP** in full?

.....

.....

53. *Read the poem below carefully and answer the questions that follow in full sentences.*

People's jobs! People's jobs
From which they earn a living
The farmers in the farms
Carpenters in workshops
Occupations for hands on skills

People's jobs! People's jobs
From which they get <u>month to month</u> earnings
The teacher in the classroom
Medical personnel in health centres
Professions for academic excellence

People's jobs! People's jobs
From which they get survival
<u>Toiling</u> through out the day
Casual labourers doing odd jobs
Hard labour requires physical energy

People's jobs! People's jobs
Work voluntarily with no pay
The priest, the Sheikh, the nun
Expect no salary but heavenly pay
Vocations for God's calling

a) What is the poem about?

.....

.....

b) Where do carpenters work?

.....

.....

c) Which workers need hand on skills?

.....

.....

c) Which professional people require academic excellence?

.....

.....

d) What do religious leaders expect from God?

.....

.....

f) What does hard labour require?

.....

.....

g) Give a word or group of words with the same meaning as the undelined words in the poem.

i. month to month .....

ii. toiling .....

h) How many stanzas does the poem have?

.....

.....

e) Suggest a suitable title for the poem.

.....

.....

54. *On Tuesday 16th July, 2020, the candidates of St. Moses Primary School got ready for the midterm exams. The day before, their head teacher pinned the time table on the school notice board. Study the timetable below and then answer the questions that follow in full sentences.*

Date	*Time*	*Activity*	*Teacher responsible*
16th July, 2020	8:00am	Arrangement of the examination rooms	P7 class teachers
16th July, 2020	10:30am	Briefing of candidates	Mr. Mbuyaga, the Deputy head teacher
	11:45am	Revision	Librarian
	1:20pm	Break and lunch	Teachers on duty
17th July, 2020	8:30am	Social studies	All teachers of Social studies
17th July, 2020	2:00pm	English	All teachers of English
17th July, 2020	8:30am	Mathematics	All teachers of Mathematics
	2:00pm	Science	All teachers of Science
Examination duration: 1. English and Mathematics 2½ hours 2. Social studies and Science 2¼ hous			

a) On which day did the pupils get the information?

.....

.....

b) What is the information about?

.....

.....

c) How many activities took place on 16th July, 2020?

.....

.....

d) At what time did the Social studies examination end?

.....

.....

e) Where did the candidates find this information?

.....

.....

f) When did the candidates write the English examination?

.....

.....

g) Who briefed the candidates for the exams?

.....

.....

h) What were the candidates doing at 3:00pm on 17th July, 2020?

.....

.....

i) How long was the Mathematics examination?

.....

.....

j) How many days did the program take?

.....

.....

55. You are a pupil of St. Thomas Boarding School, P O Box 123, Kapeeka. You would like to go and attend the wedding ceremony of your parents. Write a letter to your class teacher seeking permission. Tell him/her when you would like to go and when you will return. Use your school address.

SECTION A: 40 MARKS

Answer **all** *questions in this section.*
Questions **1** *to* **20** *carry two marks each.*

1. Work out: 53 + 247.

2. Write 40,014 in words.

3. There are 16 subsets in set P. Find n(P).

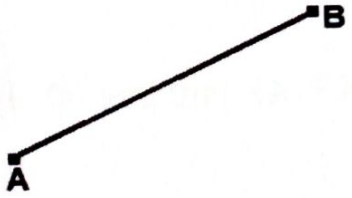
4. Simplify: $3^2 + 3^0$

5. Find the value of $^-4 - {}^-9$.

6. Express 8600 m^2 as hectares.

7. The cost of $\frac{1}{4}$ kg of meat is sh. 3,000. How much money can one pay for 5 kg of meat?

8. Using a ruler, a pencil and a pair of compasses only, bisect the line segment AB below.



9. Walusimbi borrowed sh. 800,000 from a money lender at a simple interest rate of 6% per year for $1\frac{1}{2}$ years. Find the interest paid by Walusimbi?

10. The interior angle of a regular polygon is 144^0. How many sides does the polygon have?

11. The probability of Musa passing an examination is 0.6. What is the probability of failing the examination?

12. The LCM of two numbers is 60 and their GCF is 10. If one of the numbers is 20, find the second number.

13. Change $\frac{3}{4}$ as a decimal fraction.

14. The lesson of Mathematics ended at 12 55 hours. Express the time the lesson ended in a 12–hour clock system.

15. Today is Tuesday. What day of the week was it 37 days ago?

16. What number was written in expanded form to get; 6.75×10^{-3}?

17. Find the volume of a cube whose base area is 100 cm^2.

18. Work out: $3\frac{1}{2} \div 1\frac{3}{4}$

19. Subtract: $1\ 0\ 0\ 1_{two}$

$\underline{-\ 1\ 1\ 1_{two}}$

_____

20. The length and the width of a rectangle are in a ratio of 3: 2 respectively. If the perimeter of the rectangle is 50 metres, find its area.

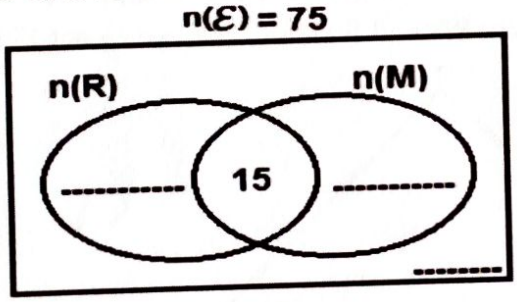
SECTION B: 60 MARKS

*Answer **all** questions in this section.*
Marks for each question are indicated in the brackets.

21. The sum of five consecutive odd numbers is 135. If the middle number is k, find the product of the largest and the smallest numbers. *(04 Marks)*

22. In a class of 75 pupils, 40 like rice (R), 3*y* like matooke (M) only, 15 like both rice and matooke while 5 pupil do not like any of the two types of food.

a) Represent the above information on the Venn diagram below. *(03 Marks)*

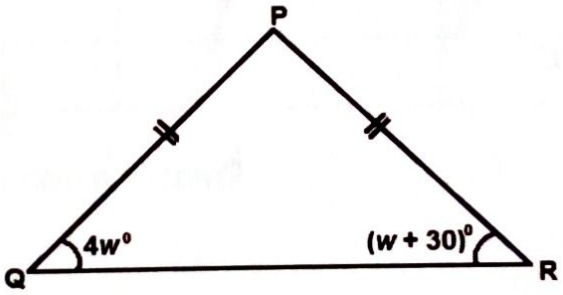


b) Find the number of pupils who eat matooke. *(03 Marks)*

23. a) Solve: $3(2n - 2) - 2(n - 6) = 2$ *(03 Marks)*

b) What must be subtracted from $3x - 4$ to get $2x + 3$? *(02 Marks)*

24. The figure below is an isosceles triangle in which line PQ = PR, angle PQR = $4w^0$ and angle PRQ = $(w + 30)^0$. Use it to answer the questions that follow.



a) Find the value of w. *(02 Marks)*

b) Calculate the size of angle QPR. *(02 Marks)*

25. The time table below shows the departure and the arrival time of the 'YY' bus travelling from Kampala to Soroti. Use it to answer the questions that follow.

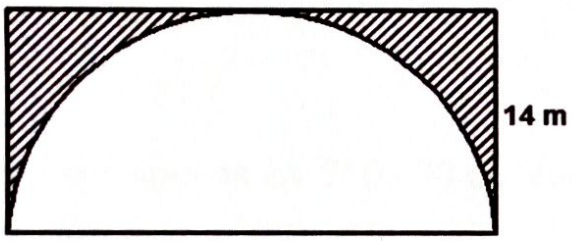
Town	Departure	Arrival
Kampala	7: 30 am	
Jinja	9: 45 am	9: 35 am
Iganga	10: 40 am	10: 15 am
Tororo	11: 35 am	11: 20 am
Mbale	12: 15 pm	12: 10 pm
Kumi	2: 10 pm	1: 55 pm
Soroti		3: 00 pm

a) At what time did the bus arrive Mbale? *(01 Mark)*

b) For how long did the bus did the bus stay in Kumi? *(02 Marks)*

c) If the bus covered a distance of 390 km from Kampala to Soroti, calculate its average speed for the whole journey. *(02 Marks)*

26. Study the figure below and use it to answer the questions that follow.
Find the area of the shaded part. *(05 Marks)*



27. Hellen spends $\frac{1}{4}$ of her monthly salary on rent, $\frac{1}{2}$ of the remainder on food and the rest on fees.

a) What fraction of her salary does she spend on fees? *(03 Marks)*

b) If she spends sh. 240,000 on fees, find her monthly salary. *(02 Marks)*

28. The head teacher went to the bank and withdrew the amount of money as shown on the table below. Use it to answer the questions that follow.

Denomination	**Number of notes**	**Amount**
Five thousand shilling notes	40 notes	Sh. .....
.....	35 notes	Sh. 700,000
Ten thousand shilling notes	..... notes	Sh. 300,000
Fifty thousand shilling notes	..... notes	Sh. .....
	Total	Sh. 1,800,000

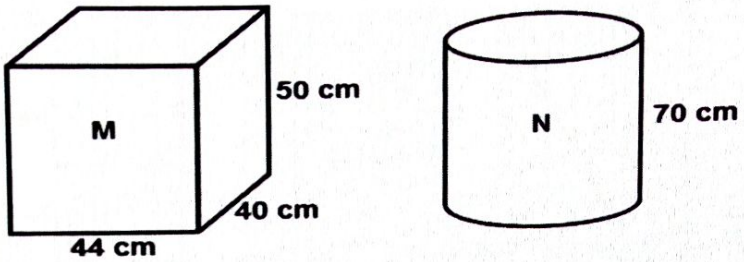
Complete the table above correctly. *(05 Marks)*

29. Juliet sold a second hand fridge at sh. 720,000 and made a loss of 10%. At what price must she sell the same fridge in order make a profit of $12\frac{1}{2}$%? ***(05 Marks)***

30. a) With the help of a ruler, a pencil and a pair of compasses only, construct a triangle PLE where < PLE = < LPE = 45^0 and line PL = 9 cm. Drop a perpendicular line from E to meet PL at K. *(04 Marks)*

b) Measure line EK..... *(01 Mark)*

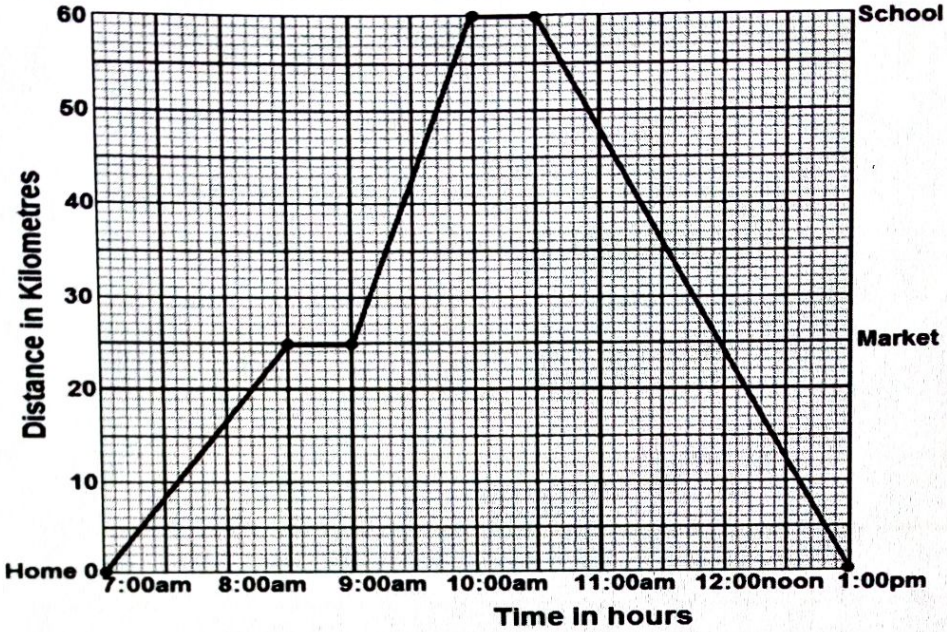
31. The tanks below hold the same amount of water when they are completely full. Use them to answer the questions that follow.



a) Find the volume of tank M. *(03 Marks)*

b) Work out the radius of tank N. *(02 Marks)*

32. The graph below shows the journey made by Mr. Kapere from his home to the school via the market and back home. Use it to answer the questions that follow.



a) What is the scale on the vertical axis? *(01 Mark)*

b) At what time did Mr. Kapere reach the market? *(01 Mark)*

c) How far was Mr. Kapere at 10: 30 am? *(01 Mark)*

d) Calculate Mr. Kapere's average speed on his return journey. *(02 Marks)*

SECTION A

1. What is an extended family?

.....

.....

2. What state of matter has a definite shape?

.....

.....

3. Name one example of a long bone in the body.

.....

.....

4. What do we call the blood cells that transport oxygen in the body?

.....

.....

5. Why is water important in the process of germination?

.....

.....

6. Give one reason why animals move from one place to another.

.....

.....

7. Suggest any example of the people with special needs.

.....

.....

8. Why does blood go to the heart after the lungs?

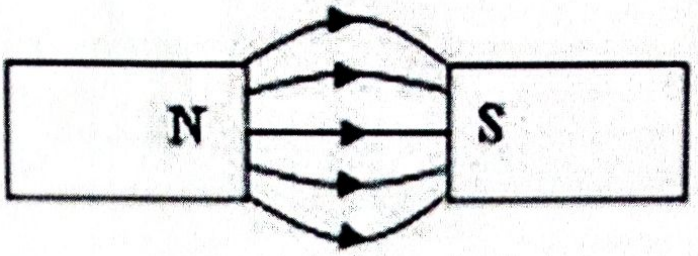
.....

.....

9. Apart from the moist skin, mention any other example of the excretory system.

.....

10. What property of magnets is shown below?



.....

.....

11. Apart from having jointed legs, give any other characteristic of arthropods.

.....

.....

12. In what way is photosynthesis important to man?

.....

.....

13. What is seed dispersal?

.....

.....

14. What food value do we get through eating fruits?

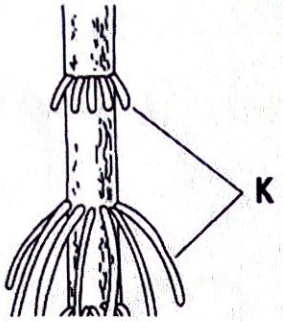
.....

15. What are electrical appliances?

.....

.....

The diagram below shows the roots of a plant. Use it to answer question 16.



16. Name any one plant with such roots.

.....

17. State any one effect of antisocial behaviours in a school.

.....

.....

18. Why is the filament in a bulb coiled?

.....

19. Give the use of air sacs in the lungs.

.....

.....

20. How important are the sepals to a flower?

.....

.....

21. Identify the garden tool shown below.

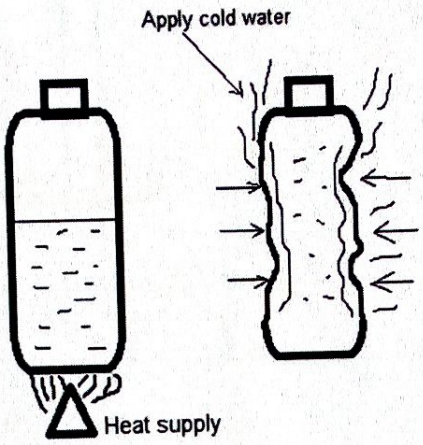
.....

22. How important is the tool named in no.21?

.....

.....

23. Why did the container behave as shown below in the experiment?



.....

.....

24. What type of change takes place when iron rusts?

.....

.....

25. Mention any one plant fibre from which clothes are made.

.....

.....

26. Why are root nodules important in leguminous crops?

.....

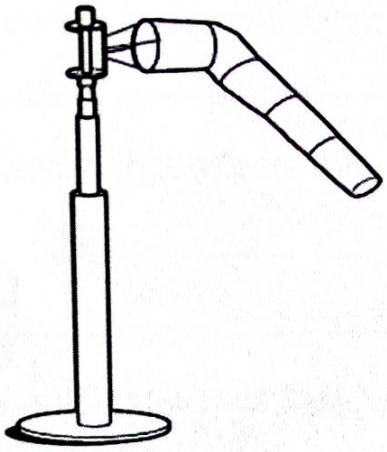
.....

27. Mention any one example of fruit crop.

.....

.....

28. How important is the weather instrument shown below?



.....

.....

29. Give any one function of the skin.

.....

.....

30. State any one function of the leaves to a plant.

.....

.....

31. State any one law of reflection of light.

.....

.....

32. Why is smoking of tobacco in public places dangerous?

.....

.....

33. Name the kind of energy stored in the dry cell.

.....

.....

34. What is cross breeding?

.....

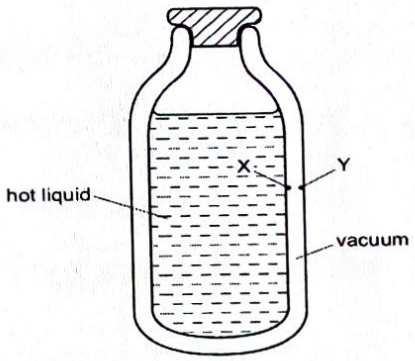
.....

35. Mention any one disease that affects the kidneys.

.....

.....

The diagram below is of a thermos flask.



36. What is the use of a thermos flask work?

.....

.....

37. Why can't some people own a thermos flask yet it is an important equipment?

.....

.....

38. Mention any one process involved in rain formation.

.....

39. What role do teachers play at a health parade?

.....

.....

40. Why is it bad to eat undercooked pork?

.....

.....

SECTION B

41. a) Name the type of skeleton possessed by each of the following organisms.

i) Earthworms .....

ii) Grasshoppers.....

iii) Frogs .....

b) Name the immunisable disease that affects the human skeleton.

.....

.....

42. a) State any two causes of soil erosion.

i).....

ii).....

b) Give any two measures related to preventing soil erosion.

i).....

ii).....

43. a) What are renewable resources?

.....

.....

b) Give any two examples of non-renewable resources.

i).....

ii).....

c) Why is water regarded as a renewable resource?

.....

.....

44. a) What is a first aid?

.....

.....

b) Give any two qualities of a good first aider.

i).....

ii).....

c) Suggest any one reason for giving first aid.

.....

.....

45. a)State any two similarities between the human eye and the camera.

i).....

ii).....

b) Give one reason why the human eyes are important organs to man.

.....

.....

c) Mention any one disease that affects the eyes.

.....

.....

46. a)What is transpiration?

.....

.....

b) Give any one factor that affects the rate of transpiration in plants.

.....

.....

c) Suggest any one way plants reduce the rate transpiration.

.....

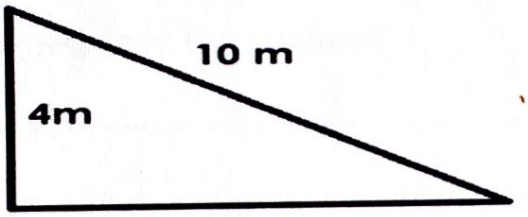
.....

d) State any one importance of transpiration.

.....

.....

47. The diagram below is of a simple machine.



a) Name the type of machine shown above.

.....

.....

b) Mention any one machine that is in the same group as the one drawn above.

.....

.....

c) Why are machines important in the environment?

.....

.....

d) Calculate the mechanical advantage when using simple machine marked **B**.

.....

48. a)Salt was added to hot water and stirred. The salt disappeared.

Why did salt disappear?

.....

.....

b) Name the following in the mixture.

i)Solute .....

ii)Solvent.....

c) How can salt be obtained from the mixture?

.....

.....

49. The diagram below is of the human ear. Use it to answer the questions that follow.
