DO NOT OPEN THIS BOOKLET UNTIL YOU ARE TOLD TO DO SO.

Read the following instructions carefully

1. This paper has **two** Sections: **A** and **B**.
2. Section **A** has 20 answer questions (40 marks)
3. Section **B** has 12 questions (60 marks)
4. Answer **ALL** questions. Answers to both sections must be written in the spaces provided.
5. All answers must be written using a blue ballpoint pen or ink. Diagrams should be drawn in pencil.
6. Unnecessary alteration of work may lead to loss of marks.
7. Any handwriting that cannot be easily read may lead to loss of marks.
8. Do not fill anything in the box indicated for examiner's use only.

FOR EXAMINERS USE ONLY		
QN. NO.	MARK	
1 - 10		
11 - 20		
21 - 22		
23 - 24		
25 - 26		
27 - 28		
29 - 30		
31 - 32		
TOTAL		

SECTION A (40MARKS)

Answer **all** questions in this section. Questions **1-20** carry **two** marks each

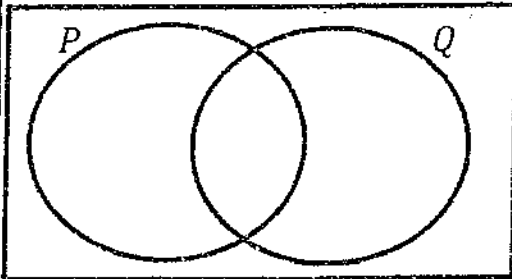

1. Workout: $217 + 83$

2. Simplify: $4k - 3(k - 2)$

3. Write in words: 4,044

4. Find the product of the next two numbers in the sequence:
216, 125, 64, 27, _____, _____

5. Shade set P complement in the Venn diagram below.

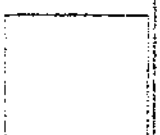

6. Kizamba was born in 1998. Write the year he was born in scientific notation.

7. Convert 2.3 tonnes to kg.

8. Workout: $\frac{2}{9} \div \frac{4}{6}$

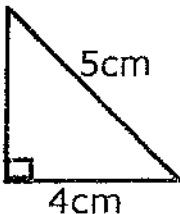

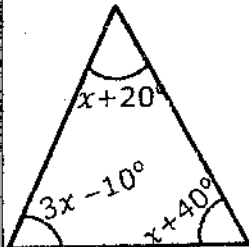

9. Simplify: $3 - 5 = \underline{\hspace{1cm}}$ (finite 6)

10. The bearing of town P from town Q is 070° . What is the bearing of town Q from town P?

11. Workout:
 $(305 \div 55) + (245 \div 55)$
Using distributive property.

12. The exchange rate for 1US dollar = Ugsh.3600. Nampala came from United States with 120 dollars. How much money in Uganda shillings was she given at the forex bureau?

13.	Find the area of the figure below. 	14.	After Bakaaki selling his radio at sh. 45,000, he made a loss of sh. 5000. Find the price at which Bakaaki bought his radio.
15.	Round off 59.973 to the nearest tenths.	16.	Using a ruler, a pair of compasses and a sharp pencil, construct an angle of 30° in the space below.
17.	Express 1415 hours in 12-hour clock system.	18.	Find the value of x in the diagram below. 
19.	Kwagala planted trees round a circular garden of diameter 28cm. If trees were planted at an interval of 4cm, how many trees were planted?	20.	The L.C.M of two numbers is 24 and their G.C.F is 6. If the first number is 8, find the second number. <div data-bbox="1353 1890 1506 2011" style="border: 1px solid black; width: 50px; height: 50px; margin: 10px auto;"></div>

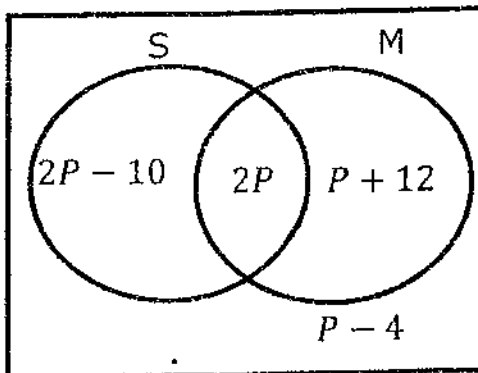

Turn Over

SECTION B (60MARKS)

Marks for each part of the question are indicated in brackets

21. (a) Expand 23.458 using powers of ten. (02marks)
- (b) Change 12_{five} to base three. (02marks)
- (c) Given that $12_P = 101_{\text{two}}$. Find the value of P . (02marks)

22. The Venn diagram below shows the number of Candidates who like Mathematics (M) and Science (S) at community Nursery and primary School. Study and use it to answer the questions that follow.

- (a) If 22 candidates like Mathematics only, find the value of P . (02marks)

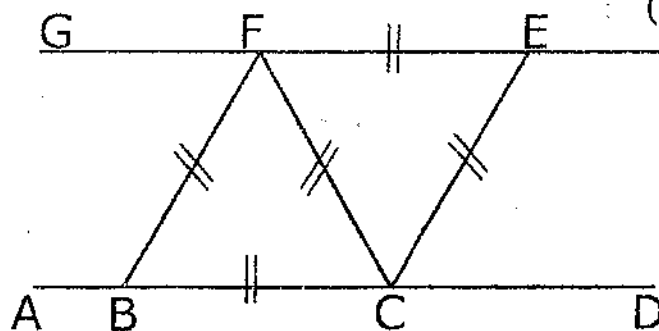

- (b) How many candidates like both subjects? (02marks)
- (c) Find the probability of picking a candidate who like only one subject. (02marks)

23. (a) Workout: $\frac{9.5 + 0.4}{0.11 \times 0.3}$ (03marks)

- (b) Amishell deposited sh.120,000 in the bank for 6 months which offered an interest rate of 5% per month. Find the total amount she got from the bank after 6 months. (02marks)

24. (a) One of the interior angles of a regular polygon is 60° more than its exterior angle. Name the polygon. (02marks)

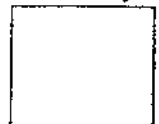

- (b) In the diagram below line AD is parallel to GE; angle ABF is twice angle FBC. Study and use it to answer the questions that follow.

- (i) Find the size of angle FBC. (01mark)

- (ii) Find the size of angle ECF.

(01mark)

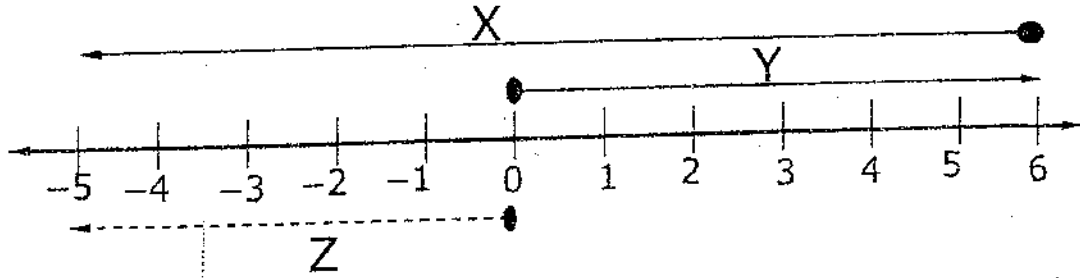

25. Omedi divided his land of 180 hectares to his three daughters Dianah, Namuddu and Resty in the ratio of 4 : 3 : 2 respectively.

- (a) Find the number of hectares each of the Omedi's daughters got. (03marks)

- (b) Increase sh. 72000 in the ratio of 3 : 2. (02marks)

Turn Over

26. Study and use the numberline below to answer questions that follow.

- (a) Write the integers represented by letters; (03marks)

X = _____ Y = _____

Z = _____

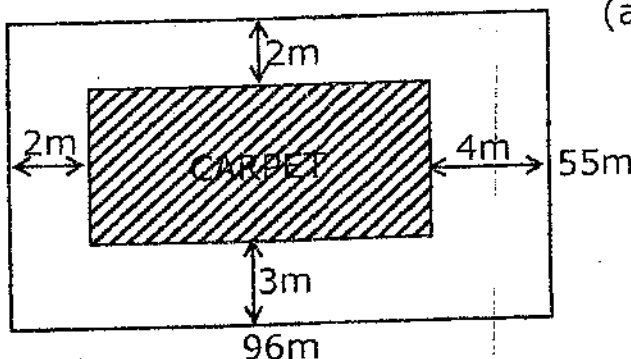

- (b) Write the mathematical statement for the integers shown on the number line above. (02marks)

27. A taxi left Kampala at 9:45 am and reached Hoima at 11:15 am at a speed of 60km/hr. After staying at Hoima town for 30 minutes, it moved back to kampala using the same route at a speed of 30km/hr.

- (a) How far is Hoima from Kampala? (02marks)

- (b) Calculate the taxi's average speed for the whole journey. (02marks)

28. A carpet was laid inside the room as shown in the diagram below.

- (a) Find the length and width of the carpet. (02marks)

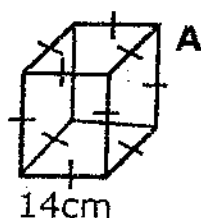

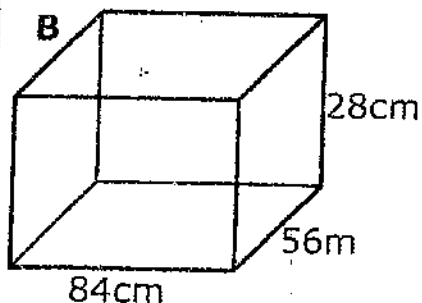

- (b) Calculate the area of the space not covered by the carpet.
(03marks)

29. (a) Using a ruler, a pair of compasses and a sharp pencil only, construct a triangle STU where angle UTS = 60° , angle TUS = 45° and line TU = 7cm. Drop a perpendicular line from point S to meet TU at Q.
(05marks)

- (b) Measure the length of line SQ = _____ cm (01mark)

30. Below are boxes of size **A** that were packed in box **B**.

- (a) How many boxes of size A can be packed in box B?
(03marks)

Turn Over

(b) Calculate the capacity of box B in litres.

(02marks)

31.

(a) Solve and write the solution set for the inequality: $-6 \leq 2x \leq 10$.

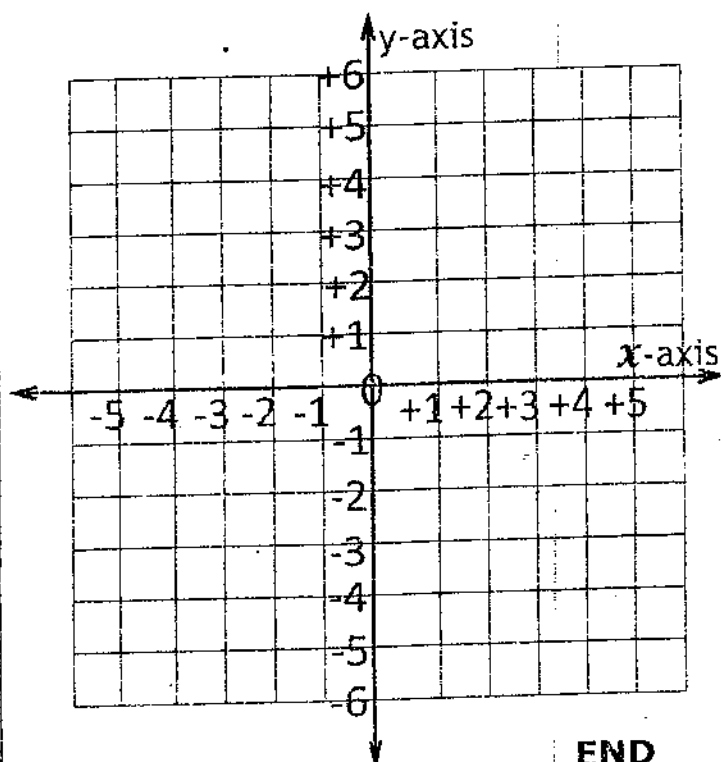

(02marks)

(b) In a test of 20 questions, a teacher awarded 3 marks for every correct answer and deducted 2 marks for every wrong answer. If a pupil scored 40 marks, how many wrong answers did the child give? (02marks)

32.

(a) On the grid below, plot points P $(-3, 3)$, Q $(5, 3)$, R $(3, -2)$ and S $(+3, -2)$.

(03marks)

(b) Join P to Q, Q to R, R to S and S to P.

(01mark)

(c) Name the quadrilateral formed. (01mark)

SECTION A (40 MARKS)

1. Name the line of latitude which helps to determine the climate of an area .
.....
2. Mention any one raw-material for the craft industry got from swamps.
.....
3. Name one government Newspaper in Uganda .
.....
4. State one way a drum is used for communication in society .
.....
5. Give any one way people in mountainous areas can solve the problem of poor transport .
.....
6. How was Semei Kakungulu important to the British colonial government .
.....
7. Name any one state in South Africa where the Dutch farmers settled during the Great Trek .
.....
8. Mention any one way missionaries improved the life of people in East Africa .
.....
9. Why are lake shores and river banks in Uganda having a dense population.
.....
10. In which one way has man's activities affected the climate negativity?
.....
11. Why has Democratic Republic of Congo joined the E.A.C ?
.....

12. Give any one reason why the French used assimilation as a system of administration in their colonies .
-
13. How is Mt. Kenya similar to Mt. Cameroon in terms of their formation ?
-
14. Mention any one way people have degraded the environment .
-
15. Give any one reason why school children should visit museums .
-
16. Why does the government collect taxes from its citizens ?
-
17. How did Sir Hesketh Bell help to promote the economic development in Uganda ?
-
18. Give any one factor that affects the provision of social services in Uganda today .
-
19. Which colour of the Uganda National flag symbolizes tropical climate.
-
20. In which one way did the second world war help Africans to attain their independence ?
-
21. State any one way Uganda can solve her problem of being landlocked .
-
22. Why is air transport the most recommended type of transport for transporting fresh fish ?
-
23. Name the island country of East Africa known for the growing of cloves .
-

24. Give any one problem facing the African union today .
.....
25. Why did the colonial government promote the construction of the Uganda railway ?
.....
26. How does vegetation influence the distribution of game parks in an area ?
.....
27. Calculate the population density of a place which has a population of 840,000 people covering an area of 60km² .
.....
28. Why did the Arabs introduce slave trade in East Africa ?
.....
29. State any one way the government can reduce the rate of rural urban migration .
.....
30. State any one way the Chwezi promoted agriculture in Uganda .
.....
31. Why does the Congo basin receive heavier rainfall than Uganda yet both lie along the equator ?
.....
32. Give any one way of managing waste in our environment .
.....
33. In which way do mass media help to promote trade in a country ?
.....
34. Mention any one role of the electoral commission in promoting democracy .
.....

35. How is the harvesting of tea different from that of sugarcane ?

.....

For each of the questions 36 to 40, answer EITHER the Christian OR Islamic questions but not both .

36. **EITHER:**

Mention the first and head disciple of Jesus Christ .

.....

OR:

Mention the first caliph of prophet Muhammad .

.....

37. **EITHER:**

Why should Christians not fear death ?

.....

OR:

Why should Muslims not fear death ?

.....

38. **EITHER:**

Give a reason why God sent His message through prophets .

.....

OR:

Give a reason Allah sent His messages through prophets .

.....

39. **EITHER:**

State the immediate punishment God gave to Adam and Eve for disobeying Him .

.....

OR:

State the immediate punishment Allah gave to Adam and Hawa for disobeying Him .

.....

40. **EITHER:**

Mention any one way Christians show their faith in God today .

.....

OR:

Mention any one way Muslims show their faith in Allah today .

.....

SECTION B (60 MARKS)

41(a) What is a protectorate ?

.....

.....

(b) Name the country where European powers held the Berlin conference .

.....

(c) Give any two ways the Berlin conference solved the issue of scramble for Africa .

(i)

(ii)

42(a) Mention any two factors that promote tourism in a particular country .

(i)

(ii)

(b) Why is tourism termed as an industry ?

.....

(c) Which ministry in Uganda is responsible for promoting tourism in the country ?

.....

43(a) Give any two reasons why the interior of Africa took long to be known by the outside world .

(i)

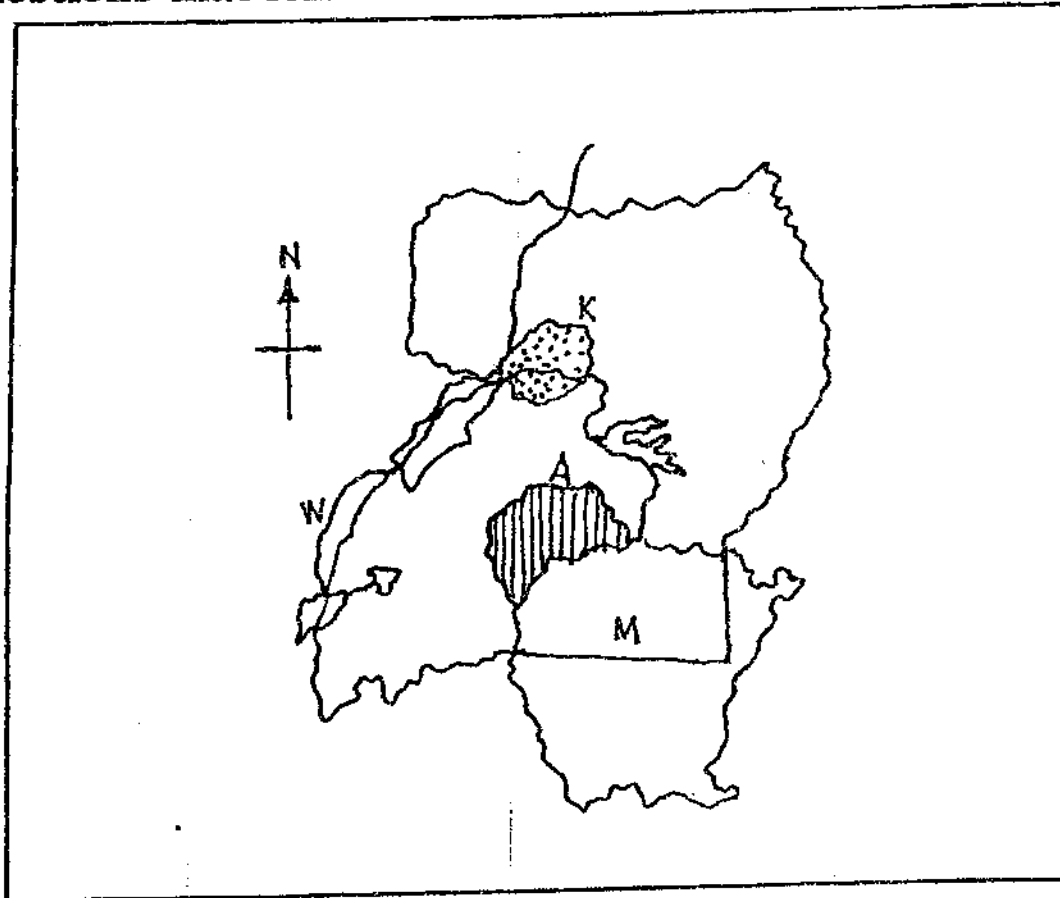

(ii)

(b) How did Dr. Mungo Park meet his death ?

.....

- (c) State one way exploration contributed to the end of slave trade in Africa .
-

44. Study the map of Uganda below and use it to answer the questions that follow .

- (a) Name the national game park marked with letter **K** .
-
- (b) How did the location of kingdom marked **A** lead to its growth and expansion ?
-
- (c) In which way is the feature marked **W** politically important to Uganda ?
-
- (d) How was the formation of feature marked **M** different from that of feature marked **S** ?
-

45(a) Name the tool which helped early man to trap fast running animals

.....

(b) Give any two ways the discovery of farming improved the life of early man .

(i)

(ii)

(c) How are archaeological sites useful in the development of a country's economy ?

.....

46(a) Name the economic grouping which brings together countries in the Eastern and Southern Africa .

.....

(b) Why did Tanzania withdraw its membership from the economic bloc you have named in (a) above .

.....

(c) Mention any two ways countries benefit from regional economic groupings .

(i)

(ii)

47(a) Write down any two causes of domestic violence in our society .

(i)

(ii)

(b) Mention any two effects of domestic violence to a family .

(i)

(ii)

48(a) Name the African country where the Gezira irrigation scheme is located .

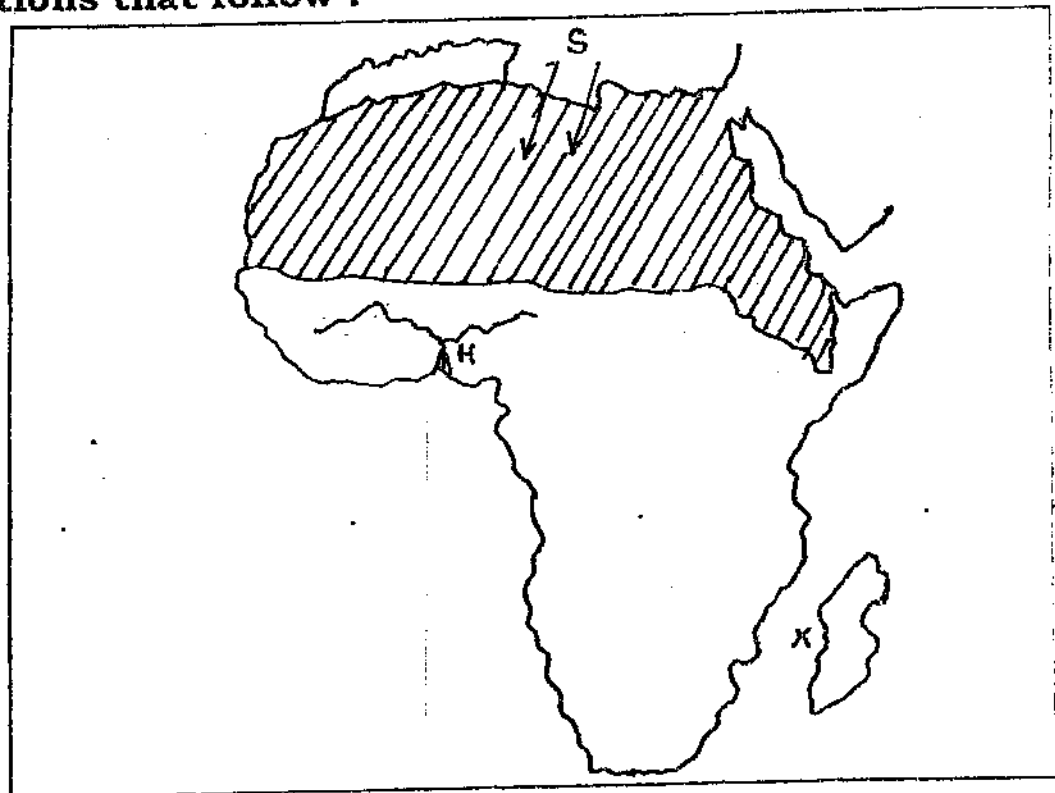

.....
(b) Mention the major cash crop grown on the Gezira irrigation scheme .

.....
(c) In which two ways does the Gezira irrigation scheme benefit the people of the country you named in (a) above .

(i)

(ii)

49. Study the map of Africa below and use it to answer the questions that follow .

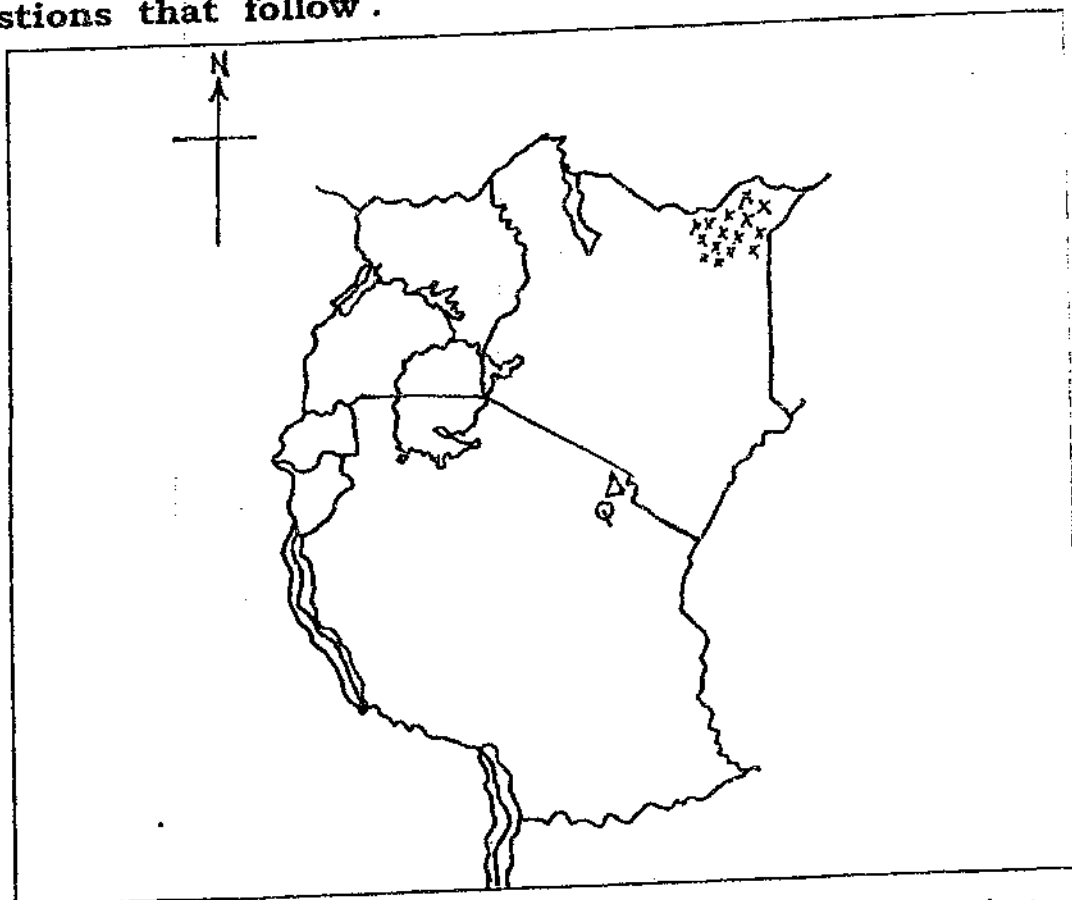

(a) Name the water passage marked with letter **X** .

.....
(b) How does wind marked **S** affect the climate of the shaded area ?

.....
(c) Give any one reason why area marked **H** is densely populated .

(d) How can crop growing be made possible in the shaded area ?

50. Study the sketch map of East Africa below and answer the questions that follow .

- (a) What is the major cause of the dry weather conditions in the shaded area xxx on the map .
- (b) Give one way crop farming can be made possible in the shaded area above .
- (c) State any one problem facing the settlement of people in the above shaded area .
- (d) Mention any one voluntary organisation that can support settlement of people in the above area .

For questions 51 – 55 , answer EITHER the Christian or Islam questions but not both .

51. EITHER:

(a) Give any one way Christians can overcome temptations .

.....

(b) Apart from overcoming temptations, give any two reasons why Christians should pray .

(i)

(ii)

(c) Give any one way Jesus was tempted by Satan .

.....

OR:

(a) Give any one way Muslims can overcome temptations .

.....

(b) Apart from overcoming temptations, give any two reasons why Muslims pray .

(i)

(ii)

(c) Give a reason Meccans hated prophet Muhammad .

.....

52. EITHER:

(a) Mention any one symbol of marriage in Christianity .

.....

(b) Give any two reasons why people marry .

(i)

(ii)

(c) How is marriage a source of happiness to a couple ?

.....

OR:

(a) Mention any one symbol of happiness to couples .

.....

(b) Give any two reasons why people marry .

(i)

(ii)

(c) How is marriage a source of happiness to a couple ?

.....

53. **EITHER:**

(a) Name the prophet in Christianity who is remembered for endurance and perseverance .

.....

(b) Give any two causes of suffering today .

(i)

(ii)

(c) What should a Christian do during times of suffering ?

.....

OR:

(a) Name the prophet in Islam who is remembered for endurance and perseverance .

.....

(b) Give any two causes of suffering today .

(i)

(ii)

(c) What should a Muslim child do during times of suffering ?

.....

54. **EITHER:**

(a) What are talents ?

.....
.....

(b) Give any three ways a Christian child can use his/her talents to serve God .

(i)

(ii)

(ii)

OR:

(a) What are talents ?

.....
.....

(b) Give any three ways a Muslim child can use his/her talents to serve God .

(i)

(ii)

(ii)

55. **EITHER:**

(a) What is faith according to Christianity ?

.....
.....

(b) Give any two ways Christians strengthen their faith in God .

(i)

(ii)

(c) State any one cause of failure among Christians to maintain faith in God

.....

OR:

(a) What is faith according to Islam ?

.....
.....

(b) Give any two ways Muslims strengthen their faith in Allah .

(i)
(ii)

(c) State any one cause of failure among Muslims to maintain faith in Allah .

SECTION A (40 MARKS)

1. State one thing that a hen provides to its chicks.

2. In which harmful way is a water snail similar to a housefly?

3. How can you keep your skeletal system in good working order?

Use the diagram below of a root system to answer questions 4 and 5

4. Name the part marked with letter R.

5. Identify any one example of a plant with the above root system?

6. Which part of a mushroom produces and stores spores?

7. How can a family participate in the promotion of primary health care?

8. Give one danger of draining wetlands.

9. State the function of suckers and hooks to a tape worm

10. How are humming birds adapted to their mode of feeding?

11. How is Eustachian tube useful in the human ear?

12. How do people get infected with typhoid?

13. Give one difference between the air we breathe in and the air we breathe out.

14. How does the practice of planting trees help to conserve the environment?

15. Why is the zero grazing system of keeping cattle suitable in urban areas?

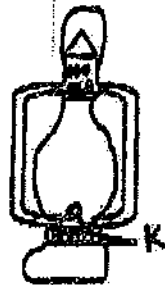

16. Mention one thing you can do to care for your cassava crops in the garden.

17. Suggest one way saliva is useful during digestion?

.....

.....

The diagram below shows a lantern, use it to answer question 18.

18. State the importance of holes marked k on the diagram.

.....

.....

19. Give any one way a tomato farmer can increase fertility in the garden.

.....

.....

20. Why does a brick maker need a lot of carbohydrates?

.....

.....

21. How are air sacs (alveoli) adapted to their function of gaseous exchange?

.....

.....

22. Apart from meat production, give any other product people get goats?

.....

.....

23. The child's health card shows immunization information about a child.
Mention any one piece of information recorded on a child's card

24. Which type of skeleton is found in vertebrates?

25. Apart from baking of bread how else can yeast be useful?

26. Of what importance are windows on ^a living house?

27. Name the blood vessels which transport oxygenated blood from the heart to all parts of the body.

28. How are maggots and bacteria found in pit latrines useful?

29. Identify the force which enables a bicycle to stop when the brakes are applied.

30. You heard the school bell at the end of the lesson, what sense organ did you use to detect the sound of the school bell?

31. Why is a grasshopper regarded as an insect?

The diagram shows the foot of a bird.

32. Name the part marked with letter z.

.....

33. Give one example of a bird with such a foot.

.....

.....

34. Name the process by which liquids turn into gases.

.....

35. In the space below, draw a simple serrated leaf.

.....

.....

.....

36. Which part of the male reproductive organ is responsible for production of sperms?

.....

.....

37. How does sun drying help in preservation of food?

.....

.....

38. State any one effect of heat on matter.

.....

39. Give one characteristic of enzymes.

40. Besides breast feeding mothers and their babies, give any other group of vulnerable people.

SECTION B

41(a) What type of electricity is generated from fast flowing water.

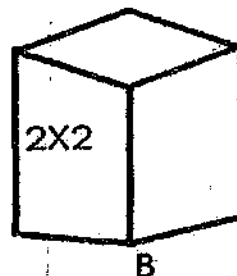

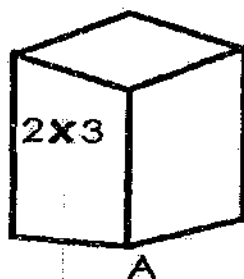

(b) State two uses of electricity in our daily life.

- i)
- ii)

(c) Write down the form of energy stored in a dry cell.

42. a) Briefly give the meaning of drug prescription.

b) Shakur Magogo was given a drug to take as shown in A below, when his friend Shaun came, he removed the drug and kept in another packet as shown in B.

i) What danger was Shakur Magogo likely to face if he later used the drug?

.....

.....

ii) Give one condition under which medical drugs are supposed to be kept.

.....

c) Give one example of a preventive drug

.....

.....

43(a) what is a resource?

.....

.....

(b) Give one example of;

(i) a renewable resource;

.....

ii) non renewable resource

.....

(c) How can uranium be used as a resource?

.....

44(a) What is fever?

.....

.....

(b) Suggest any one way you can give First Aid to a person with fever.

.....

.....

(c) Mention one item found in a first aid box.

(d) Give any one objective of administering First Aid?

45. Match the type of joint to the part of the human body where each names.

Type	Part
Hinge joint	wrist
Gliding joint	shoulder
Pivot joint	neck vertebra
Ball and socket joint	elbow

(a) Hinge joint:

(b) Gliding joint:

(c) Pivot joint:

(d) Ball and socket joint:

46(a) Write down any two types of poultry.

(i).....

(ii).....

(b) State two disadvantages of keeping local breeds of poultry.

(i).....

(ii).....

47(a) List two things you can use to promote personal hygiene.

i).....

ii).....

(b) Mention two activities that you can do to promotes good healthy life style.

(i).....

(ii).....

48(a) What is the main natural source of heat and light?

.....

(b) Give any two states matter besides the gaseous state.

i).....

ii).....

c) Jayden made a fire and he sat 2 metres away from the fire on a stool.
By what process did he receive the heat?

.....

.....

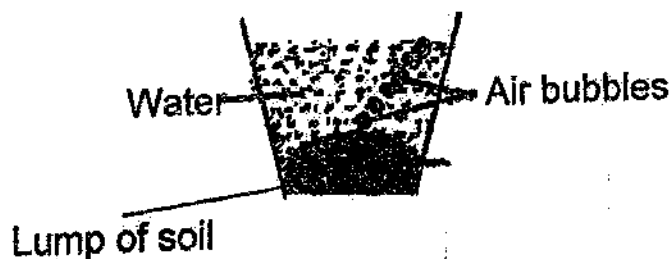

49(a) Apart from weathering, state one other process by which soil is formed.

.....

(b) Which type of soil is the best for making ceramics?

.....

(c) What does the experiment in the diagram prove about soil?

d). How does mulching improve on soil fertility?

50(a) what is digestion?

(b) Identify the end product of each of the following food values.

(i) Carbohydrates:

(ii) Proteins:

(c) Where does digestion of food start from in man?

51(a) Mention any two examples of chemical changes.

i).

ii).

(b) Write down one difference between chemical change and physical change.

(c). How is burning similar to rusting?

52.a) Mention any one method of introducing vaccines into the body.

b) Give one example of a disease that can be immunized against.

c) Write in full;

i) PHC

ii) ORS

53. The diagram below shows a common vertebrate. Study it and answer the questions below.

a) In which group of vertebrates is it found?

b) Identify one other vertebrate in the group with the one shown above.

c) Name the part labeled V?

d) How are the structures labeled (V) above useful to the vertebrate?

54. (a) What is drug abuse?

(b) Give any two examples of drugs of dependence.

i).....

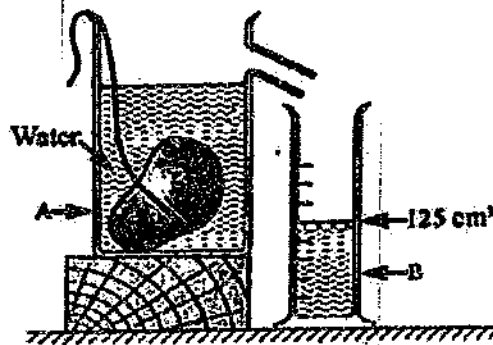

ii).....

(c) Give any one quality of essential drugs.

.....

.....

55. The diagram below shows a method of finding volume of irregular objects. Study it carefully and use it to answer the questions that follow.

a) Name the container marked with letter A

.....

b) Find the density of the object marked X in the diagram above if its mass is 250g. (2 marks)

.....

c) Identify the method of finding volume of irregular objects shown above.

.....

.....

51. Read the letter below and in full sentences, answer the questions that follow.

Foundation Primary School.
P.O Box 203.
Kamuli.

2nd February.2029.

**HAPPY
BIRTHDAY**

Dear Jerry.

How are you doing in your new school. It is three months now since I last saw you. Let me hope all is well.

This letter serves to invite you to my birthday party which will take place at Riders Hotel, Bugabula. It will be on 10th February.2020 starting at 10:00am. I will be turning twelve.

Do not miss a number of interesting activities like face painting, choir dance, miming and others. Please, come with your brother Derrick. May God bless you.

HAPPY BIRTHDAY

Your friend
Chris.

- At what time will the exercise end on Thursday?
- On which day will the doctors work for fewer hours?
- Why do you think dogs need to be vaccinated?

52(B) Read the poem below and in full sentences, answer the questions that follow.

She nurtures and loves her kids,
Sometimes she tells them what she dislikes,
When they are hurt, she is there with a hug,
And when they leave home, it is her they miss.

She's a teacher, nurse and counselor,
I wish I could give her diamonds,
For the truth she has helped me see,
She is indeed a perfect mom.

By Leo

She is incomparable to anything in the world,
She is a light shining in the dark,
When her children's potentials surely have succeeded,
That's when she knows she has succeeded too.

Questions

- Who is being talked about in the poem?
- What does this person do to her kids in stanza one?

(c) How many stanzas does the poem have?

(d) Who wrote the poem?

(e) Suggest a suitable title for the poem
