---

## SECTION B

51. Read the passage below carefully and in full sentences answer the questions that follow

The Ministry of Health has built health centres in our communities. They are basically put in place to provide health services to people. They provide medical care a counselling services. They have doctors and nurses to handle patients.

In all health centres, people are advised and encouraged to eat food that do not have harmful substances. They provide drugs to patients and pregnant mothers. AIDS victims are given free treatment by the government through the health workers.

To be free from some diseases, people should avoid diseases vector's like rats, mosquitoes, fleas and others. These disease vectors spread malaria, cholera, typhoid and dysentery. In order to control the diseases, many measures should be taken in consideration. Such measures include slashing the bushes around homesteads, using dean water, washing our bodies, spraying with insecticides and removing stagnant wat around homesteads.
