51. **Read the passage below and in full sentences answer the questions about it.**
Leadership is the state or position of being a leader. A leader is a person who guides others to do what is right in every school, prefects are very important leaders. They keep

discipline, organize fellow pupils for games, show other pupils what to do, keep the compound clean and report undisciplined pupils to mention but a few.

In some schools, the leaders are elected by fellow children. In others however, they are appointed by teachers. When the prefects are appointed by teachers, the right of children to elect their leaders is violated. It is also unfair because leaders who are appointed by teachers are dictatorial leaders. They are always telling others what to do and ignore others' views.

For schools where elections are held, both pupils and teachers should accept election results. Pupils should know that elections are not the end of the world. Before contesting for a post, one must know that in an election, there has to be a victor and a loser.

So, when one loses, one should accept the defeat but keep trying. They should also know that not winning an election does not mean they are not good. The victor on the other hand, is not supposed to mistreat the one defeated. Instead they should cooperate with the loser because an election is just like playing a game of football. In a game of football, there must be winners and losers.

We need democracy
Democracy in our school
Democracy for all the pupils
Democracy promotes freedom and fairness

Democracy in term one, is the song
We see candidates standing
Campaigning for different posts
Head girl, head boy, entertainment, etc
Looking for votes from class to class
And from fellow pupils in school and outside.

We need to exercise democracy
During election time in our school
To allow every one vote
A candidate of his or her choice
To lead pupils for a period of one year only
Until the next election
