Questions 51 to 55 carry 10 marks each

**51. Read passage below and the answer, in full sentences, the questions that follow.**

In our sub-county, there are two activities done every day. These are farming and business. Most people are farmers. They grow different crops and rear chickens, goats and cattle. Men and women are both involved in the business. They sell different items including foodstuffs and animal products from their farms.

Mr. Amooti is among the well-known businessmen in the area. He has the biggest shop. In his shop, there is a variety of items. Some are weighed in kilograms. These include sugar, maize flour, rice, beans and groundnuts. Other items: like juice, soda, water, shoe polish, salt and baking flour, are packed in bottles, tins or packets. If anyone needed paraffin or cooking oil, this would be measured in litres. They are also measured in small quantities as a person may require. There is hardly anything a person may want for home use that is not in Mr. Amooti's shop.

In order to serve his many customers well, Mr. Amooti has employed some workers to help him. They all serve with a smile. More so, items in his shop are cheaper than those from other shops. When children go to buy from his shop, he sometimes gives them sweets. It is a reward for choosing to buy from his shop.
