51. Read the passage below carefully, and in full sentences, answer the questions that follow:

Recently, i travelled to Anyanya village in Yumbe. Before my travel, i packed all my belongings such as note book, pens, pencils, camera, extra clothes and shoes. Since it was my first time to be in that part of the country, my ancestral grounds, i wanted to take note of some interesting occurrences. It took my uncle and i about six hours to reach Yumbe town, and additional one hour to reach our final destination.

After two days of my stay with my granny, i decided to take a walk around the village. In a blink of an eye, i could not believe my self when i set my eyes on one of my class mates, Odaru Laura. I found her cutting and placing up clothes together to make an outfit for a customer.

She told me that she became a seamstress during the Covid-19 lockdown. She was really a good seamstress. Many people in that village liked Odaru because of the pretty designs she made.

She would leave her home at 7:00 am and head to her workshop and assign her employees duties to carry on. Besides making patches, she was a specialist in sewing skirts, blouses, casual dresses, party wear, school and corporate uniforms. People came from all parts of the district to purchase the products.

Odaru has become rich because of this job. More than twenty seamstresses and tailors visit her for professional advice daily. She charges not less than twenty five thousand shillings as consultation fee. She always advises her friends and classmates not to despise any kind of job.

Odaru now looks forward to start up her own tailoring institution in order to train people who may wish to acquire such skills in year's time.
