- A school provides play ground to the community
- A school provides space for parties to the community
- A school provides seats to the community
- A school provides education service to the community
- A school pays taxes which benefits the community

11. What name is given to latitude marked $66\frac{1}{2}^{\circ}$ S on the globe.

- Antarctic circle.

Below are diagrams of two different means of communication. Use them to answer question **12**.

12. Give any one advantage communication mean A has over communication mean B.

- It provides current news unlike communication B
- It provides educative programs unlike communication B
- It provides employment to people unlike communication B
- It is used for advertisements unlike communication B
- It is common unlike communication B
- It is portable unlike communication B

13. Which discovery marked the end of the Stone Age period?

- The discovery of iron smelting

14. How do local communities benefit from the money earned from tourism?

- They access better roads
- They access better schools
- They access better medical care/ health service

- They access piped water
- They access electricity
- They access better communication service

15. State one way of reducing accidents on Lake Victoria.

- By removing water weed /Hyacinth
- Learning basic swimming skills
- Avoid speeding boats
- Acquiring boat driving skills
- Using boats in good mechanical conditions
- Avoid overloading boats
- By deploying the Marine police department
- By monitoring weather changes
- Encouraging the use of Life jackets
- By teaching sailors the dangers of overloading boats

16. Why were Europeans referring Africa to as a dark continent?

- Europeans knew little/ nothing about the interior of Africa.

17. In which one way did the Luo invasion affect Bunyoro-Kitara Empire?

- It led to the final collapse of Bunyoro kitara empire
