(Re-write the sentence using:will.....)
50. None of the girls failed the examination. (Begin: Every.....)

SECTION B

51. Read the composition below and answer the questions about it. It was written in term one, 2023.

Have you ever won a prize for doing something good at school? Well, here is a composition about Monica, the most disciplined girl in Cardinal Nsubuga Memorial P/ school. Last month, Monica received a big prize for being the most disciplined girl in the school. The prize was given to her by the chief guest, the ED of KCCA. Before the Chief

Guest could give her the prize, the teacher in charge of discipline, Mr. Wamboka, mentioned some of the good things Monica had done at school. He began by saying that Monica is a very good girl because she greets every one she meets on the way. Secondly, she is very responsible; she comes to school early, she keeps her uniform clean, she cares for and protects the young children of nursery and P.1 by carrying for them their bags. When it comes to the compound, Monica plants grass to reduce the

dust in the compound. She does all the work the teachers give her. The other important thing about Monica is that she is polite and humble. When she makes a mistake, she quickly says, "I am sorry". The teacher concluded by saying that Monica is the best pupil because she does the right thing, in the right place at the right time. After listening to all the good things about Monica, the chief guest gave her the prize. The chief guest then pulled out fifty thousand shillings from her bag and gave it to Monica. She promised to buy a new uniform and shoes for the best pupil the following term.

Questions.

- (a) Who received the prize according to the composition?
- (b) Why was she given the prize?
- (c) Who was the chief guest at this function?
- (d) Write one good thing which shows that Monica is a responsible girl.
- (e) When was this composition written?
- (f) Why does Monica plant grass in the school compound?
- (g) What did the chief guest promise to buy for the best pupil the following term?
- (h) Give another word or group of words to mean:
 - i) Prize:
 - ii) received
- (j) Suggest your own title to the composition.

52. The sentences below are in a wrong order. Rewrite them correctly to make a story entitled

RIGGING ELECTIONS

- a) All interested applicants wrote their applications.
- b) But the Chairperson of the School Electoral Commission didn't.
- c) Previously, St. Stevin Primary School organized election of prefects.
- d) The chairperson called Angello to his office.
- e) He instead rejected it and cancelled his application.
- f) He thought the chairperson would accept it.
- g) He asked him why he had put the fifty thousand note in the application.
- h) The chairperson of the School Electoral Commission announced the posts and told us to apply for them.
- i) Angello said that he wanted to thank him for organizing elections.
- j) One of the applicants called Angello put a fifty thousand shilling note in the application.

53. Read the poem below and answer the questions about it in full sentences.

THE STRANGER

Mother, there's a stranger man
Waiting at the door
With a familiar sort of face
You feel you've seen before
Says his name is Jesus

Can we spare a couple of job
Says he's been made redundant
And now can't find a job.
Yes, I think he is a foreigner Egyptian or Jew

Oh aye, and that reminds me
He'd like some water too.
Well shall I give him what he wants
Or send him on his way?
Ok I'll give him 5 pence
Say that's all we've got today

By Roger Gough: Three Rusty Nails

Questions

1. To whom was the poet talking?
2. What was the stranger's name?
3. What nationality could the stranger have been?
4. What couldn't the stranger?

5. Apart from money, what else did the stranger need?
6. How much money did the stranger need?
7. From which book was the poem?
8. Who wrote the poem?
9. What word rhymes with bob in stanza two?
10. Write the full form of the contraction below as used in the poem?
He'd

54. Below is a holiday study timetable for Auma, a learner in P.7 S at Hope P/S Nabulagala. Study it carefully and answer the questions that follow in full sentences.

Day	Subject	Morning	Afternoon
Sunday			
Monday	Social studies	9:00 a.m - 10:00 a.m	2:00 p.m - 3:00 p.m
Tuesday	English	10:00 a.m - 12:00 p.m	_____
Wednesday	R.E	_____	2:00 p.m - 3:00 p.m
Thursday	Science	8:00 a.m - 9:00 a.m	4:00 p.m - 5:00 p.m
Friday	Maths	7:00 a.m - 8:00 a.m	
Saturday	Maths	7:00 a.m - 8:00 a.m	
Made by Auma		Approved by P.7 S Teachers	

Questions

1. How many times does Maths appear on the timetable?
2. Whose timetable is shown above?
3. In which class is the owner of the timetable?
4. Which subject is studied from 4:00 – 5:00 p.m?
5. How long does the owner of the timetable revise English on Tuesday?
6. Write down the two subjects that are studied twice a day.

38. Why are faeces not regarded as waste products?

39. Which component of air supports burning and rusting?

The diagram below shows a type of pollination. Use it to answer question 40.

40. How is the above practice important to plants?

SECTION B

41. a) Name the method of heat transfer which does not involve matter.

- b) In which two ways is the above method of heat transfer important in our daily life?
i) _____
ii) _____
- c) How do feathers help to keep the bird's body warm?

42. a) Why is it necessary to prepare Oral Rehydration Solution (ORS) using safe drinking water?

- b) Apart from safe drinking water, name two other materials needed for making ORS.
i) _____
ii) _____
- c) Give any one reason Oral Rehydration Solution is the best treatment for a dehydrated person.

43. a) Describe the behaviour of each of the following pair of materials when put in water.
i) Piece of paper and cork.

ii) a nail and a coin

- b) An object of mass 60gm displaces 20cc of water when put in a measuring cylinder of water. Calculate its density.

44. Match the crop growing practices in A with their uses in B.

A
Thinning
Pruning
Weeding
Spraying

B
reduces plant over weight.
kills crop pests in the garden.
removes excess plants in the garden.
removes unwanted plants in garden.

- i) Thinning _____
ii) Pruning _____
iii) Weeding _____
iv) Spraying _____

45 a) Give two methods of administering vaccines into the body.

i) _____

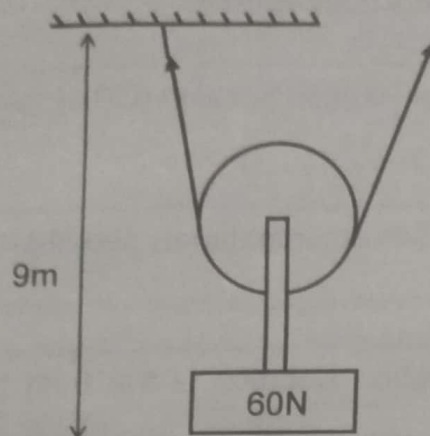

ii) _____

b) State two ways a health worker can identify if a child was immunised or not.

i) _____

ii) _____

The diagram below shows a type of pulley. Use it to answer question 46.

46. a) Name the type of pulley shown above.

b) What distance does each of the following move?

i) load _____

ii) effort _____

c) State one advantage of using the above pulley system.

47. a) Give any two ways in which plants depend on air for survival.

i) _____

ii) _____

48. a) Name any two energy resources from fossil fuels.

i) _____

ii) _____

b) State two ways of conserving energy resources from fossil fuels.

i) _____

ii) _____

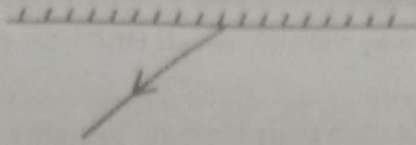

49. a) David can only read words which are 10 metres away from him.

i) Which eye defect is David suffering from?

ii) What piece of advice would you give to David?

b) Why does light change speed as it moves from air to water?

c) Show the effect of the mirror below on light rays.

50. a) Write the following in full.

i) mfg date _____

ii) exp date _____

iii) Rx _____

b) Give any one danger of misusing a drug.

51. a) When is first aid given to a casualty?

b) Name any two common accidents that can lead a victim to lose all the five senses.

i) _____

ii) _____

c) What is the main reason of giving first aid to victims?

52. a) Name two blood veins attached to the heart.

i) _____

ii) _____

b) Why does blood in veins flow in one direction?

c) Give any one protective function of blood in the body.

53. Use the table below to answer questions that follow.

A	B	C
Frog	Lizard	Rat

a) Which characteristic is common to all animals in the table above?

b) How is reproduction of animal B similar to that of animal C?

c) Identify any one cold blooded animal in the above table.

d) Why would you put a toad in group A?

54 a) What is the commonest way through which HIV/AIDs is spread among people?

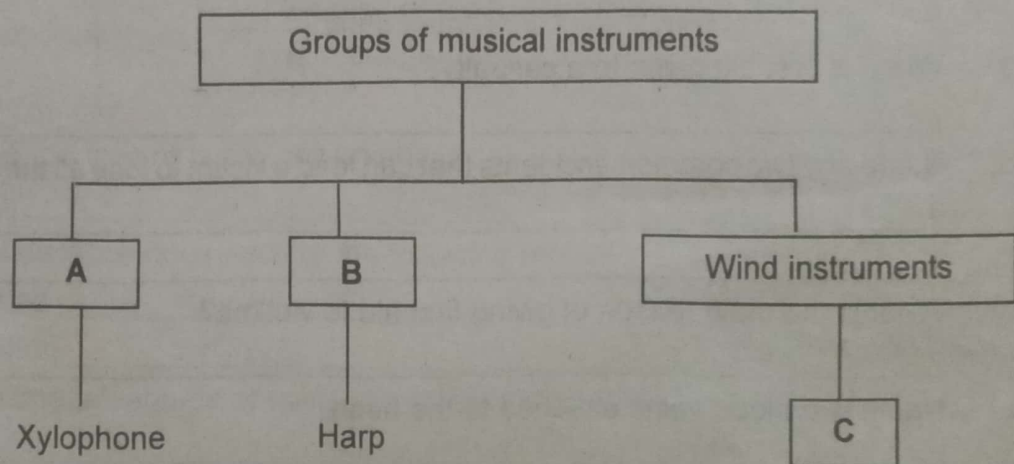

b) How does HIV / aids affect the body immune system?

c) State two ways in which a P.7 can avoid contracting HIV/AIDs.

i)

ii)

55. The table below shows group of musical instruments. Use it to answer question 55.

a) Name the groups of musical instruments market A and B.

i) A

ii) B

b) How can the pitch of sound produced by a harp in group B be varied?

c) Give any one example of instrument in A.
