THE PRIME; SCHEMING FRAMEWORKS, HOLIDAY PACKAGES, LEARNING GAMES,
LESSON COURSE BOOKS AND PUPILS' WORKBOOKS

Section A (40 Marks)

1. Name the outer protective layer of the human skin.

2. State any one effect of accidents to man.

3. Give one reason why poultry farmers rear dual purpose chicken.

4. Name the process by which heat from the sun reaches people's washed clothes hanged on a wire.

The diagram below shows a structure of a worm use it to answer questions 5 and 6.

5. Name part marked U from the diagram above.

6. To which group of worms do we categorize the worm shown in the diagram above?

7. How do plants contribute to the rain cycle?

8. Which breed of cattle is characterized by having short or no horns?

9. State one law of refraction.

10. Give the importance of putrifying bacteria to a crop farmer.

11. What happens when an object vibrates?

12. Name the immunisable disease spread by cockroaches to people.

13. Why are toads regarded as cold blooded animals?

14. Apart from meat, name one other product got from Angora rabbits.

The diagram below shows the property of magnets. Use it to answer questions 15 and 16.

15. Name the property of magnets shown in the diagram above.

16. How is the property of magnets named in (15) above useful to pilots in doing their daily work?

17. Give any one responsibility of the family members to a pregnant woman.

18. Why should vaccines be kept in cool containers before usage?
19. State the use of a dustbin when promoting proper sanitation.
20. Give any one effect of diarrhoea to human beings.
21. Name any one respiratory disease caused due to smoking tobacco.
22. How is friction useful to Aaron who is a butcher?
23. Which vitamin maintains the appetite of a human being?
24. State one adaptation of red blood cells to their function.

The diagram below shows part of the human skeleton. Use it to answer questions 25 and 26.

25. Name the type of bones marked Y from the diagram above.

26. How are bones marked Y above important to the body?
27. To what type of change is melting of candle wax?
28. Give one disadvantage of draining swamps to the environment.
29. Name the force that makes objects weigh less in water.
30. State the use of perches to fowls in a coop.
31. Give one way of preventing the spread of Covid 19.
32. Mention one plant growth requirement absorbed from the soil through the roots.
33. Which type of electricity is generated by the help of fast flowing water?
34. Give a reason why vitamins and mineral salts are not digested in the body.

The diagram below is of a tooth. Use it to answer questions 35 and 36.

35. Name the type of tooth shown in the diagram above.
36. State the importance of the tooth named in (35) above.

Name the part of the lungs where gaseous exchange takes place.

38. State the first aid for scalds.
39. Give any one factor that can lead to bottle feeding a baby.
40. Which type of family has the parents, biological children and relatives?

Section B (60 Marks)

41. (a) Give two ways how animals can be used as energy resources.
(i) _____
(ii) _____
- (b) Mention any two animal products used when producing biogas.
(i) _____ (ii) _____
42. (a) Give two responsibilities of the following in promotion of PHC in the community.
(i) Individual:
(ii) _____
(iii) _____
(ii) Family
(i) _____
(ii) _____
43. The diagram below shows a glass container into which a mixture of saw dust, water and sand were poured. The mixture settled as shown. Study it carefully and answer questions that follow.

(a) Which of the two substances are represented by;

(i) A _____ (ii) B _____

(b) Name the method of separating mixtures shown in the diagram above.

(c) Why is substance A settled on water?

44. (a) How do ferns reproduce?

(b) Mention two plants that reproduce in the same way like ferns.

(i) _____

(ii) _____

(c) Give a reason why mushrooms are not classified as plants.

45. Match the following ways of promoting personal hygiene in A to their importance in B.

A

(i) Washing hands

B

to remove hiding places for germs.

(ii) Brushing teeth

to prevent partial deafness.

(iii) Cutting finger nails short

to kill germs in the mouth.

(iv) Removing ear wax.

to remove germs.

(i) Washing hands

(ii) Brushing teeth

(iii) Cutting finger nails short

(iv) Removing ear wax

46. (a) How do inclined planes simplify work?
(b) If the load moves through a length of 200m on an inclined plane of height 40m, find the mechanical advantage. (03 marks)

47. (a) Give any two dangers of poor sanitation.

(i) _____
(ii) _____

- (b) Mention two diseases spread due to poor sanitation.

(i) _____ (ii) _____

48. (a) Give the meaning of the following terms.

(i) **Health**

(ii) **Community**

- (b) Mention any two examples of common health problems in the community.

(i) _____
(ii) _____

49. The diagram below shows a method of making methyl. Use it to answer questions that follow.

(a) Name the method of making alcohol shown in the diagram above.

(b) Which name is given to substance E?

(c) Why is a delivery tube coiled in water?

(d) State the reason why the above method of making alcohol is not allowed at home.

50. (a) Name two examples of;

(i) dairy breeds of goats

(i) _____ (ii) _____

(ii) meat breeds of goats

(i) _____ (ii) _____

51. (a) Give a reason why land preparation is done during dry season.

(b) Write down any two ways of preparing land.

(i) _____

(ii) _____

(c) Why is bush burning discouraged during land clearing?

52. (a) Give any two emotional changes in adolescents.

(i) _____

(ii) _____

(b) Name two types of reproduction in living organisms.

(i) _____

(ii) _____

53. The diagram below shows a pinhole camera. Use it to answer questions that follow.

- (a) State the principle on which a pinhole camera works.
-
- (b) Give two characteristics of images formed by a pinhole camera.
- (i) _____
- (ii) _____
- (c) Complete the pinhole camera shown in the diagram above by drawing the image formed.

54. (a) Name any two types of soil erosion.

(i) _____ (ii) _____

- (b) How does mulching control soil erosion?
-

- (c) State the best way of controlling soil erosion in hilly areas.
-

55. Write PIASCY in full.

- (b) State the main reason for establishment of PIASCY.
-

- (c) Give any two PIASCY messages.

(i) _____

(ii) _____

Section A. (40 Marks)

1. Name the line of latitude marked 0°
2. Which type of rainfall is mostly received around Mount Elgon?
3. Why were the people of Acholi happy with the coming of Sir Samuel Baker in their area?
4. Give any one reason why schools organize tours for their children.

The diagram below is of the Uganda flag. Study it carefully and answer the questions.

5. What does the colour marked A represent on the diagram above?
6. State any one role played by the Chief Administrative Officer (CAO)
7. Name the plant which provides the raw material used for making insecticides.
8. Give any one contribution made by Marcus Garvey towards promoting the rights of African people
9. State any one way museums promote the development of the crafts industry
10. What term refers to the composition of people according to age and sex?
11. Mention any one measure the government has taken to improve the education sector in Uganda.

12. Give any one challenge associated with using radios as means of communication.
13. Give one way a zebra crossing promotes safety of people on the road.
14. What causes cold ocean currents?
15. Name the system of trade which was replaced by monetary trade in East Africa.
16. How did Bishop Desmond Tutu help to promote unity among the people of South Africa at the end of apartheid rule?
17. Which important discovery enabled early man to live in settled communities?
18. Give one way missionary work negatively affected the culture of the people of Uganda.
19. Give any one way the EAC has helped to promote peace among the member countries.
20. Why is Uganda referred to as heterogenous nation?
21. State any one common characteristic between Lake Victoria and Lake Kyoga
22. Mention the most fierce rebellion that was staged against the German colonialists in Tanganyika.
23. Why are areas near the equator hot and wet throughout the year?
24. Give any one step people living in highland areas can take to control the occurrence of landslides.

25. State any one effect of the intermarriages between the Arabs and the coastal Bantu in East Africa.
26. Give any one way telecommunication companies have improved people's standards of living.
27. Name the section of the police that helps in detecting, preventing and investigating crime in Uganda.
28. How are isobars important on a weather map?

Study the map below and use it to answer questions 29 and 30

29. Name the water body marked B.
30. Give any one reason why area marked C is densely populated.
31. Mention any one way the Nyamwezi benefited from participating in Long Distance Trade.
32. State any one factor that has favoured the growing of citrus fruits in the Mediterranean climatic region.

33. Give any one way industries create jobs to people in an area.
34. Name the group of people who introduced the knowledge of iron smelting in Uganda.
35. Mention any one way children's rights are respected in schools.
- For each of the questions 36 to 40, answer Either Christianity Or Islamic questions but not both. No marks will be awarded to a candidate who attempts both alternatives in the same number.
36. Either: Name the group of people that Moses led from slavery in Egypt.
Or: Name the group of people that Prophet Musa led from slavery in Misri.
37. Either: Give any one way prayer helps a Christian to overcome temptations.
Or: Give any one way Salat helps a Muslim to overcome temptations.
38. Either: Mention any one cause of suffering among Christians today.
Or: Mention any one cause of suffering among Muslims today.
39. Either: Give any one importance of tithe in the church.
Or: Give any one importance of Zakah in the mosque.
40. Either: Name the prophet who preached repentance to the people of Nineveh.
Or: Name the prophet in Islam who preached repentance to the people of Nineveh

SECTION B (60 MARKS)

41. Study the map below and use it to answer the questions.

- (a) Name the country marked T.
- (b) Why do most traders in Uganda use town P to import and export their goods?
- (c) State any one challenge hindering the development of trade in country marked M.
- (d) Apart from being land locked, give any one other way country K is different from Tanzania in terms of location.

42. (a) What term refers to the movement of people with their property from village to towns for settlement?
- (b) Give any two ways the practice in (a) above affects development in rural areas.
- (i) _____
(ii) _____
- (c) How has rural electrification helped to reduce the number of people moving from villages to towns?
43. (a) Name the Anglican Bishop who mobilized funds for the IBEACO in Uganda.
- (b) Give any two ways how the IBEACO supported the work of the missionaries in East Africa.
- (i) _____

(ii)
(c) Apart from missionary work, mention one other activity that the IBEACO promoted in Uganda

44. (a) Name the constitution being used in Uganda today.

(b) Give any two roles of a constitution in promoting democracy today.

- (i) _____
(ii) _____
(c) Which organ of the government is responsible for drafting and protecting the constitution?

45. (a) Give any two benefits of dairy farming to the people of East Africa.

- (i) _____
(ii) _____
(b) Mention any two ways how dairy farming can be improved in East Africa.

(i) _____
(ii) _____

46. Study the climatic graph below and use it to answer the questions that follow.

(a) What was the highest amount of rainfall received in the area above?

(b) Mention any one activity which can be done by people in the area a

(c) State any one characteristic of the type of climatic shown in the tab above.

(d) Name the type of climate shown on the above graph.

47. (a) Name any two political parties which demanded for Uganda's Independence.

(i) _____ (ii) _____
(b) State any two advantages of single party system of governance.

(i) _____
(ii) _____

48. (a) Which national park in Uganda should a tourist who wants to see snow visit?

(b) State any two problems affecting wildlife in game parks in Uganda.

(i) _____
(ii) _____

(c) Give any one way the above problems can be solved.

49. (a) Name the regional body that unites countries in Southern Africa.

(b) Which East African country is a member of the above regional body?

(c) Give any two ways the above organisation has promoted economic development in the member states.

(i) _____
(ii) _____

50. Match the information in List A with that given in List B correctly.

List A

- (i) Akosombo dam
(ii) Aswan high dam
(iii) Kariba dam
(iv) Kainji dam

List B

- River Zambezi
River Niger
River Volta
River Nile

- (i) Akosombo dam
(ii) Aswan high dam
(iii) Kariba dam
(iv) Kainji dam

For each of the questions 51 to 55, answer either Christianity or Islamic question but not BOTH. No marks will be awarded to a candidate who attempts both alternatives in a number.

51. Either (a) Mention any two Christian denominations in Uganda.

(i) _____ (ii) _____

(b) Give any two roles of the church in the community.

(i) _____

(ii) _____

Or: (a) Mention any two Muslim communities in Uganda.

(i) _____ (ii) _____

(b) Give any two contributions of the Muslim communities in Uganda.

(i) _____

(ii) _____

52. Either: (a) Give any two ways Jesus showed friendship to people.

(i) _____

(ii) _____

(b) State any two reasons why a Christian should create good friendship with others.

(i) _____

(ii) _____

Or: (a) Give any two ways Prophet Muhammad showed friendship to people.

(i) _____

(ii) _____

(b) State any two reasons why a Muslim should create good friendship with others.

(i) _____

(ii) _____

53. Either: (a) Mention the date when Christians celebrate the Uganda martyrs at Namugongo.

(b) Give any two reasons why Christians visit the martyr's shrine at Namugongo.

(i) _____

(ii) _____

(c) Mention any one other site where the Uganda martyrs were killed in Uganda.

Or: (a) Name the month during which Muslims make the Holy journey to Mecca.

(b) Give any two reasons why Muslims visit the Holy city of Mecca.

- (i) _____
(ii) _____
- (c) Mention any one rite that Muslims perform on the Holy journey.

54. Either: "I am the Lord servant, May your word to me be fulfilled"
(Luke 1:38)

(a) Who said the above words?

(b) To whom where the above words said?

(c) Which message did the person named in (a) above receive from God?

(d) Give any one lesson that Christians learn from the above story.

Or: "Behold, Allah has chosen you and purified you and exalted you above all women in the world." (Surat al-Imran 3:42)

(a) Who said the above words?

(b) To whom were the above words said?

(c) Give any two reasons why Allah chose the person in (b) above.

- (i) _____
(ii) _____

55. Either: (a) Name the sacrament which purifies a Christian from the original sin.

(b) Mention any two other sacraments in Christianity.

- (i) _____ (ii) _____

(c) Why did Jesus have the last supper with the apostles?

Or: (a) Mention any one activity done by Muslims to promote cleanliness of the body .

(b) Name any two things which are considered unclean according to Islam apart from alcohol.

- (i) _____ (ii) _____

(c) Why is alcohol regarded as an impurity?

Section A (40 Marks)

1	Workout: 754 -532 _____	3	2	Write LIX in Hindu Arabic numerals.
3	Simplify: $8m+4n+5m+2n$	4	In the diagram below, describe the shaded region.	
5	Round off 38.94 to the nearest whole number.	6	Using a pair of compasses, a sharp pencil and a ruler, bisect angle MNP	
7.	Change 8kg grammes	8	Given that  represents 7 balls, draw pictures to represent 49 balls.	

Work out: $2 - 3 =$ _____ (Finite 7)

10

A regular polygon has 8 sides. Find the size of its exterior angle.

11 Find the next number in the sequence below;

1, 3, 6, 11, 18, _____

12

A bus covered a distance of 120km at a speed of 80km/hr. Find the time taken.

13 Change 110_{two} to base ten.

14

The LCM of M and N is 30. Their G.C.F is 3. If N=15, find the value of M.

15 Complete the table below correctly.

Principal	Rate per year	Time	Simple interest
sh. _____	8%	3months	Sh.4000

- 16 Kiggundu planted trees along a straight road. The trees were planted at an interval of 40 metres. If 26 trees were planted, how long was the road?

- 17 Show 20 minutes to 4 O'clock on the clock face below.

- 18 Solve and give a solution set if K is a whole number.
 $K + 7 > 4$

- 19 A trader bought an article at Sh. 40000 and sold it Sh. 48000. Calculate the trader's profit.

- 20 Use the equation $y = x + 1$ to complete the table.

X	-3	_____	+2
y	_____	+1	+3

Section B (60 Marks)

- 21 The diagrams below show subtraction of two numbers on the abacus. Study them and answer the questions that follow.

(a) Write down the number subtracted.

(02 marks)

(b) Complete the second abacus above.

(01 mark)

(c) Express the number subtracted in standard form.

(02 marks)

- 22 In a village farming group of 60 members, $3p$ members grow beans (B) 25 members grow maize (M), 10 members grow both beans and maize while 3 members grow none of the two crops.

(a) Use the above information to complete the Venn diagram below.

$$n(\mathcal{E}) = 60$$

(02marks)

(b) Find the value of p .

(02 marks)

(c) How many farmers grow beans only?

(01 mark)

23 (a) Workout; 4.2×0.7 (03 marks)
0.21

(b) Simplify; $0.87 + 0.35 - 0.28$ (02 marks)

24 PQRS is a parallelogram, line RST is a straight line. Angle STU = 30° and angle TUP = 70° .

(a) Find the value of m. (03 marks)

(b) Find the value of n .

(02 marks)

- 25 Okello arranged square blocks and formed the shape shown below.

(a) How many blocks were arranged in the first layer? (01 mark)

(b) Find the total number of blocks that were arranged to form the shape. (02 marks)

(c) If each block measures 5cm in length. Find the volume of the shape formed after arranging all the blocks. (02 marks)

- 26 At a forex bureau, the exchange rates for Uganda Shillings were as shown in table.

Currency	Buying rate	Selling rate
USA dollar (\$)	sh 3600	sh 3750
Pound sterling (£)	sh 4200	sh 4400
Kenyan shillings(Ksh)	sh 26	Sh 28

(a) A tourist had 450 U.S dollars and exchanged them to Ugandan shillings, how much money was he given? (02 marks)

(b) Kamadi had 264000 Kenyan shillings and exchanged them to Pound sterling, how many pounds was he given? (03 marks)

- 27 A driver drove from Soroti to Kumi at a speed of 90km/h for 40 minutes. He rested for 40 minutes. He continued his journey at a speed of 75km/h for 2 hours to Bukedea. If he used the same route back to Soroti taking him a total of $5\frac{1}{3}$ hours for the whole journey,

(a) Find the distance from Soroti to Bukedea. (02marks)

(b) Calculate his speed on the returning journey. (03 marks)

28 The table below shows marks scored by different pupils in an exam.

Marks	60	45	100	30
Number of pupils	3	2	1	4

(a) How many pupils did the test?

(02marks)

(b) Work out their mean score.

(03 marks)

29 (a) Express 250gm as a ratio of 2kg.

(02 marks)

(b) A worker's salary of sh.120,000 was increased in a ratio of 3:2. Calculate his new salary.

(03 marks)

30 The two shapes below have the same area.

(a) Calculate the area of the rectangle.

(02 marks)

(b) Find the circumference of the circle. ($\pi = \frac{22}{7}$)

(03 marks)

31 (a) If $w = 5$ and $y = 6$. Find the value $wy + 3$

(02 marks)

(b) Solve: $n + \frac{3}{10}n + \frac{1}{2}n = 18$

(03 marks)

32 A boat sailed Westwards from X to Y a distance of 60km. It then changed its course and sailed on a bearing of 330° for 80km to Z.

(a) Using a scale of 1 cm = 10km, draw an accurate diagram to show the movement of the boat.

THE PRIME SPECIAL EXAMINATION 2023

Primer, it is our honour to team up with you once again for this annual project aimed at Academic Excellence of our candidates.

As Prime, we shall always exploit this **SPECIAL EXAMINATION** opportunity to offer the best guidance to all the stakeholders (the candidates, teachers and the school administration) in regard to achieving your P.L.E objectives.

It is on this note therefore that you (school administration) and Prime must diligently observe the following;

A KIND REMINDER

"THE PRIME CODE; P 1BD 12 "

In a way to professionally improve the marking and assessment of Special Examination exercise, we devised "The Prime Code", shown above on all the documents used in the exercise. This will help us keep track of the scripts, marksheets and subject reports of your school. This Prime Code shall be captured from the envelopes and marksheets sent to you.

You are kindly requested to guide your candidates to have this code clearly and legibly written on all their scripts in the space provided. For more inquiries, please consult your nearest Prime office.

Other roles remain as depicted below:

PRIME ROLES.

- ↳ Providing you with a UNEB standard examination printed on white (bond)paper.
- ↳ Packing papers and marksheets separately with each subject in an envelope.
- ↳ Professionally marking the scripts when you send them back to us.
- ↳ Expertly analysing the marked scripts and making subject reports containing Technical advice to the candidates, teachers and the administration in an effort to guide them on the steps to be taken to improve those areas.
- ↳ Availing you with a mark sheet containing all the candidates' names with their respective subject scores, after assessment.
- ↳ Sending back the marked scripts, reports and mark sheets when term III commences.

SCHOOL ADMINISTRATION'S ROLES.

- ↳ Creating a conducive environment for sitting examinations.

(d) Which pupils will be able to elect the school leaders?

(e) When will the elections take place?

53.

Read the poem below carefully and then answer, in full sentences, the questions that follow.

SAVE OUR EARTH

Have you ever taken time?
To see what is around us?
Take this opportunity
To look at every detail of your environment.

If we don't admit
That our precious environment is being destroyed,
The earth is running out of pure air
By the factories and vehicles.
Which produce toxic air.

In one way we are our own murderers
Killing the soil which gives us food
With polythene bags and artificial fertilisers
Slowly the soil will lose its fertility.

Let us save our environment
For it's our earth and home
By doing so.
Mother Earth will exist for years.
By Kazoora Ian
Primary Seven Pink.

Questions.

(a) What is the title of the poem?

(b) What kind of air do factories and vehicles produce?

(c) What does the soil give us?

(d) Apart from polythene bags, what else affects the soil according to the poem?

(e) Who do you think uses artificial fertilisers?

(f) What will happen to the soil if we keep on dumping polythene bags according to the third stanza?

(g) Suggest any one way we can protect our environment.

(h) Who wrote the poem?

(i) In which class is the writer of the poem?

(j) How many stanzas are written in the poem?

54.

The sentences below are NOT in the correct order. Rearrange them in the CORRECT order to form a good story about "Preparation of examinations".

- (a) Well, the answer follows simple steps.
- (b) The early revision gives enough time to review what you were taught.
- (c) Thirdly, consult your teachers about the test or exam material.
- (d) Do you want to learn how to prepare yourself for any examination?
- (e) First of all, start revising early.
- (f) Secondly, read through the entire notes where you think you will be tested on.
- (g) Consulting your teachers helps you to refresh your memory on what can be tested.
- (h) Lastly get enough rest.
- (i) Your teachers are most likely not to tell you exactly what will be tested but will give you some tips.
- (j) Enough rest will help you to refresh your body and brain.
