51. Babazi sub county chief organized a furniture making competition. It was intended to get the best carpenter to represent the rest of the carpenters in the annual National competitions

So at the beginning of August 2022, all the carpenters were called for a preparation meeting. Each carpenter was told to choose an item to present.

Mr. Mbeeta of Katete village decided to make a rocking chair. He knew that it would attract many customers if he made it well.

After the meeting, Mr. Mbeeta went to Kigoto timber store. He chose ten pieces of Nsambya timber. It is a popular hard type, it was very expensive, but Mr. Mbeet did not mind.

Before he left for home, he borrowed an electric saw. The timber was sawed into planks.

When he reached home, he planed the planks. He got his drill and made holes through the planks. By the end of the day, he had fixed the planks. The chair looked nice. So he smoothened it with sand paper. The following day, he applied the varnish. The chair looked very beautiful. When it was dry enough, he added some decorations using the wood glue.

On the day for competitions, Mr. Mbeeta asked his friend Bosco to lend him a bicycle. He put the chair on the carrier and rolled it to the competition ground. The rest of the carpenters had already arrived. Mr. Mbeeta's item attracted most of the people there. Everybody was asking for the price of the chair.

Then we choose what is good
For our friends and relatives

Avoid good feeding and invite problems
