

SECTION A: 50 MARKS

Subsection I: 20 Marks

Questions 1 to 50 carry one mark each.

In each of the questions 1 – 5, fill in the blank spaces with suitable words.

1. They _____ to complete their exams in time.
2. Is there _____ oil in the tank?
3. _____ higher you go, the cooler it becomes.
4. I met _____ honourable minister at Clock Towers.
5. The bride and the bridegroom sat in the _____ car.

In questions 6 to 15, use the correct form of the word given in the brackets to complete the sentences.

6. Keeping animals in _____ is illegal in Uganda. (captive)
7. The motorist told the passengers to _____ their seatbelts. (loose)
8. Tom is a stubborn and _____ pupil. (talk)
9. St Mary's Primary School had an _____ tour last Sunday. (educate)
10. The visitor gave the schoolchildren a piece of _____. (advise)
11. The _____ collected all our luggage and put it in the conference room. (receive)
12. By the time the visitors arrived, we had _____ our breakfast. (have)
13. We would have _____ our garden if we had got enough time. (mulch)
14. Our class teacher told us to write an _____ letter. (apply)
15. Kabale is a _____ district in Western Uganda. (mountain)

In each of the questions 16 to 17, arrange the given words in alphabetical order.

16. telefax, telephone, telegram, telegraph

17. stationery, stationary, station, stationer

In questions 18 to 19, write the complete form of the given words.

18. DVD _____

19. I'll _____

In questions 20 to 21, re-arrange the given words to form a correct sentence.

20. this swept whom By was classroom?

21. driving when is Telephoning very bad.

In each of the questions 22 and 23, write the plural of the given word.

22. mousetrap _____ 23. hoof _____

In each of the questions 24 and 25, use each of the given words in a sentence to show that you know the difference in their meaning.

24. court _____

25. coat _____

In each of the questions 26 and 27, rewrite the sentence giving the opposite of the underlined group of words.

26. The term commenced on 12th August 2023.

27. The mourners exhumed the dead body.

In each of the questions 28 and 30, rewrite the sentence giving one word for the underlined group of words.

28. Peter wrote back when he received my letter.

29. My daughter of my sister passed on last year.

30. Twine was welcomed by the worshippers in the church.

Subsection II: 20 Marks

In each of the questions 31 to 50, rewrite the sentences as instructed in the brackets.

31. If I get a hammer, I will repair my boots. (Rewrite as one sentence using: would)

32. What a disciplined girl Jane is! (Rewrite the sentence ending: girl.)

33. Trevor went to the Internet café. He wanted to surf the Internet. (Rewrite as one sentence using: so that)

34. I shall visit my relatives before the end of July. (Rewrite the sentence beginning: By the end of)

35. Paul is a tutor. He is dark-skinned. He is fat and handsome. He comes from Sudan.
(Join as one sentence without using: "and" "who" or "whom".)
-

36. A thesaurus is important. A dictionary is very important. (Rewrite as **one** sentence
using: as as
-

37. Doctors are civil servants. Lawyers are civil servants. (Rewrite as one sentence
using: as well as
-

38. It is very bad to fart in public. (Rewrite the sentence beginning: Farting
-

39. The paper was very difficult. Every candidate commented on it. (Rewrite
the sentence using: such that
-

40. The candidates are eager to pass their PLE well. (Rewrite the sentence using:
look forward
-

41. "Tom, where is my bag?" asked Mary. (Rewrite the sentence using:wanted to
know)
-

42. The plumber didn't repair my car. The mechanic didn't repair my car. (Rewrite as one
sentence beginning: Neither
-

43. The carpenter made poor furniture although he was very well trained. (Rewrite the
sentence beginning: Despite
-

44. The desk is very heavy. We cannot carry it. (Rewrite as one sentence using:
too to)
-

45. All his friends failed the Science test last week. (Rewrite the sentence beginning: None
of)
-

46. The lady was very impolite. I sat with the lady in the coach. (Join the sentences using: whom)
-
47. If you don't register your letter, it will not be posted. (Rewrite the sentence beginning: Unless
-
48. We did that examination without anyone's help. (Rewrite the sentence using: by
-
49. The farmer did not terrace the hilly garden. The farmer did not have a hoe. (Rewrite the sentence beginning: If
-
50. Procrastination (Rewrite and complete this proverb sensibly.)
-

SECTION B: 50 MARKS

Questions 51 to 55 carry ten marks each.

- 51. Read the passage below and answer, in full sentences, the questions that follow.**

It was a broad sunny Thursday when a very famous gentleman known as Mutwe faced a custodial sentence at Luzira Prison. All this came about after Luba's neighbour's child was found dead in a pool of blood on Tuesday. He was lying on dry caritus leaves in Mutoma Forest.

Mr. Walibwa, a great hunter, was walking through the forest with some young men. He glanced at the scene where the corpse was lying. He called their attention to what he had seen. Immediately, the energetic young men smelt a rat, and all pointed at Mutwe, who had been seen carrying a stinking old sack.

Thereafter, they informed the whole village. The villagers went after Mutwe, caught him and called the Police. He was apprehended at around 6:00 p.m. when the villagers were coming from their tiring labour of the day.

Mutwe was handed to the court of law. At midday the next day, he was found

guilty and sentenced to life imprisonment. Child sacrifice is a very bad vice, so we must all fight.

Questions:

a) What is the passage about?

b) According to the passage, why did Mutwe face the custodial sentence?

c) With whom was Walibwa walking through the forest?

d) Where was the child of Luba's neighbour found?

e) Who is the great hunter mentioned in the story above?

f) Why do you think the young men all pointed at Mutwe?

g) When was Mutwe apprehended?

h) What happened when Mutwe was found guilty?

i) Give another word or group of words with the same meaning as the following underlined words in the passage.

i) apprehended _____

ii) corpse _____

52. (A) Study the calendar carefully and answer the questions about it.

DECEMBER 2023

Sun.	Mon.	Tue.	Wed.	Thur.	Fri.	Sat.
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31						

Questions:

1. On which day of the week did this month begin?

2. How many days are there in this month?

3. On which day of the week was the 9th?

4. On which day of the week did the next month begin?

5. How many Sundays are shown on this calendar?

(B) Read the notice below and answer the questions that follow.**MATCH MATCH MATCH**

Villa FC vs Express FC

Venue: Namboole Stadium

TIME: 4:00 p.m. – 5:00 p.m.

FEES: Adult – sh 5,000 Minor – sh 1000

Management, Namboole Stadium

Questions:

a) What is the notice about?

b) Which teams are going to play?

c) Write in full.

i) vs _____

ii) FC _____

d) How much will a couple and their two children pay?

53. Read the following poem carefully, and then answer in full sentences the questions that follow.

How important am I
Updating everyone
About all that is happening in the world
I should be rewarded.

Locally, I inform the people
About political issues, social and economic ideas
I should be rewarded

Little did I know that
Sportsmen, politicians, civil workers
Are all my favourite in service
They read me every day

I inform young people
Through puzzles, cartoons
And interesting adverts
All on the different pages
You should award me.

By Tendo (P.7)

Questions:

- a) What is the poem about?
-

- b) Who is talking in the poem?
-

- c) Which stanza talks about civil workers according to the poem?
-

- d) Why do you think the writer should be rewarded according to stanza 2?
-

- e) How many stanzas does this poem have?
-

- f) What do young people enjoy according to the last stanza of the poem?
-

g) Who is the poetess?

h) List two groups of people who benefit from the writer.

- i) _____
- ii) _____

i) Suggest a suitable title to the poem.

54. Below is an application letter. Complete it correctly with your own words.

Fantom Primary School,

_____ 7071,

Kampala

20th August, 2023

The Head teacher,
Blessed Hope High SS,
P.O. Box 5531,
Mpigi

_____ Sir/ Madam,

Re: _____
I am writing to apply for a vacancy in Senior _____ . I am a female Ugandan
_____ twelve.

I _____ my Primary Leaving Examinations and my
_____ were as follows:

ENG D1; MTC D1; SST D2; SCI D1

Agg: 5 Division: One

I am a responsible _____ and I have been a head girl in my former
school. For more _____, I refer you to my class teacher William
Othieno 0752807165 and Mr. Ahmed Katende (H/M) 0770406073.

I look _____ to receiving your positive response.

Yours faithfully,
Nalugwa Agnes

55. The sentences below are not in the correct order. Read them carefully, and rearrange them to make a good story about “Communication”.

- a) In verbal communication, communication is done by words, mouth or a piece of writing.
 - b) It includes body language and sign language.
 - c) Communication is the sending and receiving of messages.
 - d) It also includes written forms such as written speeches, textbooks, reports and letters.
 - e) There are two types of communication.
 - f) Body language includes gestures, eye contact and postures.
 - g) What is communication?
 - h) Non-verbal communication, on the other hand, is done through symbols and signs.
 - i) These include verbal and non-verbal communication.
 - j) It includes oral forms such as conversations, music, speeches read at functions and others.

SECTION A (40 MARKS)

1. Work out: $15 \div 3$
2. Express the ratio 4:5 as a percentage.
3. An empty box weighs 3.08kg. 2 stones each of mass 14kg are placed in the box. Find the total mass of the box and its content.
4. Describe the shaded region on the Venn diagram.

5. Express 989 in Roman numerals.
6. Which whole number lies exactly midway between 3 and 99?
7. Work out: $-6 - +4$
8. Given that the exchange rate 1US dollar = Ugsh. 3740, find the cost of a watch in US dollars if James paid Ugsh. 187,000 for it.

<p>9. Work out:</p> <table style="margin-left: auto; margin-right: auto;"> <tr> <td style="text-align: right;">Years</td><td style="text-align: center;">Months</td></tr> <tr> <td style="text-align: right;">5</td><td style="text-align: center;">10</td></tr> <tr> <td style="text-align: right;">$+ \quad 3$</td><td style="text-align: center;">9</td></tr> <tr> <td colspan="2" style="height: 20px;"></td></tr> </table>	Years	Months	5	10	$+ \quad 3$	9				<p>14. A car moving at 120km/h took only 45 minutes to cover a journey. Find the distance it covered in kilometres.</p>
Years	Months									
5	10									
$+ \quad 3$	9									
<p>10. The median of five consecutive even numbers is 8. Find their range.</p>										
<p>11. Find the value of y in the figure below.</p>		<p>15. Set T has 63 proper subsets. Find $n(T)$.</p>								
										
<p>12. Simplify: $\frac{d^8 \times d^2}{d^6}$</p>	<p>16. Simplify: $2\frac{2}{5} \div \frac{2}{3}$</p>									
<p>13. Work out the least number of oranges that can be shared by either 6 or 8 girls and 3 oranges remain.</p>		<p>17. There are thrice as many girls as boys in a class. If there are 80 pupils in the class, how many boys are there?</p>								

18. Given that the area of the shaded part in the figure below is 200cm^2 .

How many litres of water can the container hold?

19. Work out: $1011_{\text{two}} \times 11_{\text{two}}$

20. The figure below shows one vertex of a regular polygon. Name the polygon.

21. The pie chart below shows how a farmer uses a piece of land for different activities.

- a) Find the value of x. (2 marks)
- b) Given that a farmer used 5 acres for grazing the animals, how much land does he have? (2 marks)
- c) Express the angle sector for crop growing as a simplified ratio. (1 mark)

22. A cyclist left town P for town Q moving at 45km/hr for 2 hours to town Q. He rested for 30 mins at Q and continued to town R a distance of 45km moving at 30km/hr. After resting for 1 hour at R, he rode directly back to P taking 4 hours.

- a) Find the distance from town P to town R. (2 marks)

- b) Calculate the cyclist's average speed for the whole journey. (3 marks)

23. In the figure below, \overline{AB} is parallel to \overline{CD} . Study it carefully and answer the questions that follow:

- a) Find the size of angles x, y and z. (6 marks)

24. a) Solve for y: $\frac{y - 2}{6} > \frac{y + 1}{4}$ (2 marks)

- b) Given that $a = -4$, $b = 2$ and $c = -3$
 Find that value of $\frac{ac}{b}$ (2 marks)

25) The Ministry of Education and sports distributed iron sheets to three schools D, E and F in the ratio 4:7:8 respectively. Given that both schools E and F received 300 iron sheet,

- a) How many iron sheets did school D get? (3 marks)

- b) If all the iron sheets for the three schools were in bundles of 4 iron sheets, how many bundles were distributed? (2 marks)

26.

The Venn diagram below shows the number of guests who were served with either meat (M), fish (F) or both. Some guests ate none of the two.

a)

Find the value of y . (2 marks)

b)

How many guests never ate meat? (2 marks)

c)

Find the probability that some guests ate none of the two. (1 mark)

<p>27. a) Change 204_{five} to octal base. (3 marks)</p> <p>a) Solve for n below. (2 marks)</p> $34_n = 103_{\text{four}}$ <p>28. a) Round off 941.683 to one decimal place. (2 marks)</p>	<p>b) Simplify: $\frac{0.23 - 0.04 + 0.12}{0.8}$ (3 marks)</p> <p>29.</p> <p>a) In a certain village, there are 10% more women than men but there are 30% less children than men. Find the percentage of men in the village. (2 marks)</p> <p>b) If there are 600 women in the village, how many children are there? (2 marks)</p>
--	---

30. Town L is 60km North-East of town K and town M is 45km from town L on a bearing of 100° .

a) Draw a sketch diagram showing the three towns. (1 mark)

b) Using a scale of 1cm = 10cm, draw an accurate diagram showing the three towns.

(3 marks)

c) From your accurate diagram, find the bearing of town K to town M. (1 mark)

31. Below is the parking area at a certain district headquarters.

If the distance around the parking is 466m, find the area it covers. (Use $\pi = \frac{22}{7}$) (5 marks)

32. Mrs. Mukulu bought the following items from a shop.

$2\frac{1}{4}$ kg of rice at sh. 4,000 each.

250g of sugar at sh. 6,000 per kg.

A 2kg bucket of Nomi for sh. 8000

2 bars of soap at sh. 7,000 each.

a) How much money did she spend altogether?

(4 marks)

b) If she received sh. 2,500 as change, how much money did she have at first? (1 mark)

SECTION A: 40 MARKS

1. Name the human body organ that helps in thinking and reasoning.

2. Apart from honey, mention any one other product got from bees.

3. Mention the element of weather that helps in the separation of chaff from grains.

4. In which one way is prolonged breast feeding important to a mother?

5. How can dirt be dissolved in clothes during the process of washing?

6. Why is sugar an important component of Oral rehydration salts?

7. Rods made of different materials were mixed into a trough with hot water. The extent to which wax melts is shown by the arrows and each rod has wax as in the diagram below.

7. Which of the rods is the best conductor of heat?

8. How do people in the community use conduction of heat to solve their day-to-day problems?

9. Apart from evaporation, mention any other physical change that takes place in the presence of heat.

10. Which type of organic manure is obtained from fresh plants when they are ploughed into the soil?

11. Mention any one example of a living renewable resource in the environment.
-
12. The diagram below shows a well-tuned musical instrument. The strings A, B, C and D are of uniform thickness. Use it to answer questions 12 and 13.

12. Name the string that produces the highest pitch of sound.
-
13. Why does the string you have named in question 12 produce sound of the highest pitch?
-
14. In which one way are arteries able to withstand pressure of blood pumped from the heart?
-
15. Name the structures used by worker bees to carry pollen.
-
16. Mention any one disease the results from failure to observe proper oral hygiene.
-
17. Give one way in which rails are prevented from bending that can cause train accidents during hot days.
-
18. What first aid would you give to a person who has near drowned from a pool of water?
-
19. State the digestive disorder which can be prevented by including roughages in one's diet.
-
20. How is the movement of the shoulder joint different from that of the elbow joint?
-

21. The diagram below shows an eye defect in humans. Study and use it to answer questions 21 and 22.

21. Name the eye defect shown in the diagram above.

22. Give any one cause of the defect shown in the diagram.

23. State any one way in which a magnet is useful to a mechanic.

24. How is a blackjack adapted to its mode of dispersal?

25. Mention any one non-infectious disease of the respiratory system.

26. Give any one way a family can control the spread of diarrhoeal diseases at home.

27. Apart from vasectomy, mention one other permanent method of family planning.

28. State any one activity done to promote maternal and child healthcare in the community.

29. The diagram below shows a common invertebrate in the environment. Study and use it to answer questions 29 and 30.

29. To which group of invertebrates does the one in the diagram belong?

30. How is part T useful to the invertebrate in the diagram above?

31. Name the component of an electric circuit that melts and breaks the circuit due to high voltage.

32. State one reason why farmers dip their cattle.

33. Mention any one cause of dehydration in humans.

34. Which element of Primary Healthcare provides information about health to people?

35. Write down one exotic breed of rabbits kept by farmers.

36. The diagram below shows a method of making water clean. Study and use it to answer the questions that follow.

36. Name the method of making water clean shown in the diagram above.

37. Apart from coarse stones, mention one other local material which can be placed in container M.

38. Which structures on a granary prevent rats from entering the granary?

39. State any one way in which smoking can affect the health of a smoker.

40. Write down any one animal fibre used in the textile industry.

SECTION B: 60 MARKS

41. a) Give any one reason why crop farmers carryout the following crop growing practices during land preparation:
- i) ploughing the land. _____
- ii) harrowing the land. _____
- b) State any two disadvantages of using broadcasting method of planting crops.
- i) _____
- ii) _____
42. The list below shows different living organisms. Study and use it to answer the questions that follow.
- | | | | |
|-----------|---------|-------|--------|
| Mushrooms | Mangoes | Ferns | Barley |
|-----------|---------|-------|--------|
- a) Identify the living organism from the list above which produces grains.
- _____
- b) Mention the group of living organisms where mushrooms belong.
- _____
- c) State one other living organism which can be grouped together with ferns.
- _____
- d) Give any one way in which mango plants are different from fern plants.
- _____
43. a) Apart from the pelvis, mention one other protective part of the human skeleton.
- _____
- b) Name one part of the body protected by the pelvis.
- _____
- c) State any one bacterial disease of the human skeleton.
- _____
- d) Give any one health habit that helps to keep the human skeleton in a good health condition.
- _____

44. The diagram below shows a ray of light striking a plane surface. Study and use it to answer the questions that follow.

- a) Indicate an arrow on line OQ to complete the ray diagram.
b) Name the ray of light marked PO.
c) State any one principle of reflection.

-
- d) Give any one importance of reflection in the environment.

45. a) Which system of keeping poultry involves putting litter in a poultry house?

-
- b) Write down two materials used as litter in a poultry house.

- i) _____
ii) _____
c) Give any one use of litter in a poultry house.

46. a) Identify any one secondary sex characteristic that happens in both boys and girls during adolescence.

-
- b) State any two problems that may be as a result of frequent pregnancies by a mother at home.

- i) _____
ii) _____
c) Give any one way a P.7 child can avoid teenage pregnancies.

47. The diagram below shows a fish. Study and use it to answer the questions that follow.

a) Name the parts marked:

i) D _____ ii) C _____

b) State one function of the part marked B to a fish.

c) Give any one way in which a fish is adapted to living in water.

48. a) Name the digestive juice which is produced in the ileum.

b) Mention any one enzyme contained in the digestive juice named in (a) above.

c) Give any one way in which the ileum is adapted to its function.

d) State the end product of digestion of proteins in the human body.

49. a) Give one reason why drugs should be kept away from moisture and sunlight.

b) Mention any one factor considered by doctors when prescribing a drug to a patient.

c) State any two ways in which people in a family can misuse drugs.

i) _____
ii) _____

50. a) The table below shows weather elements, instruments and their uses. Study and complete it correctly.

Element	Instrument	Use
a) wind	_____	measures speed of wind
b) _____	hygrometer	measures the amount of water vapour in atmosphere
c) cloud cover	cylometer	_____
d) rainfall	_____	measures the amount of rainfall

a) Name the type of immunity acquired through immunization.

b) What do we call the special refrigerating device used by health workers to store vaccines.

c) State any two roles of a family in promoting immunization in their area.

- i) _____
ii) _____

52. The diagram below is of the human heart. Study and use it to answer questions that follow.

a) Name the part marked P.

b) State the difference in blood carried by blood vessels Q and R.

c) Why are structures marked S useful in the human heart?

d) Mention any one disorder of the human heart.

53. a) How are the following parts useful on a VIP latrine:

- i) a vent pipe? _____
ii) a fly screen? _____

b) Give one reason why a VIP latrine's hole should not be covered.

c) State any one way of caring for a VIP latrine.

54. a) Apart from tapeworms, mention one other example of an intestinal worm in humans.

b) How are the segments useful to a tapeworm?

c) State any one effect of tapeworm infections in humans.

d) Give one way of preventing tapeworm infections in humans.

55. The diagram below shows a simple machine. Study and use it to answer the questions that follow.

a) Name the machine shown in the diagram.

b) To which type of simple machines does the above in the diagram belong?

c) How is the above machine useful at home?

d) Mention one other machine that can be classified together with the one in the diagram.
