TOTAL		

SECTION A: 40 MARKS

Questions 1 to 40 carry one mark each

1. Name the type of thermometer that uses both mercury and alcohol.
.....
2. Which vector spreads sleeping sickness to people?
.....
3. State any **one** way of promoting physical exercises among chickens in a poultry house.
.....
4. Write down any **one** activity done by an individual to promote good health lifestyle.
.....
5. Which group of mammals have blubber in their bodies?
.....

The diagram below shows two beams of light. Use it to answer questions 6 and 7.

6. Name the beam of light marked R.
.....
7. What type of lens is used to make rays move as shown in S?
.....

8. State any **one** method a farmer can use to control inbreeding in sheep.

.....

9. Why does a housefly die when its abdomen is dipped in water for a long time?

.....

10. In which way does overgrazing lead to soil erosion?

.....

11. How does a flying bee produce sound?

.....

12. Which immunisable disease is spread through having unprotected sex with an infected person?

.....

13. State the difference in structure between canine teeth and incisor teeth.

.....

14. Give any **one** way in which weeds affect crop production.

.....

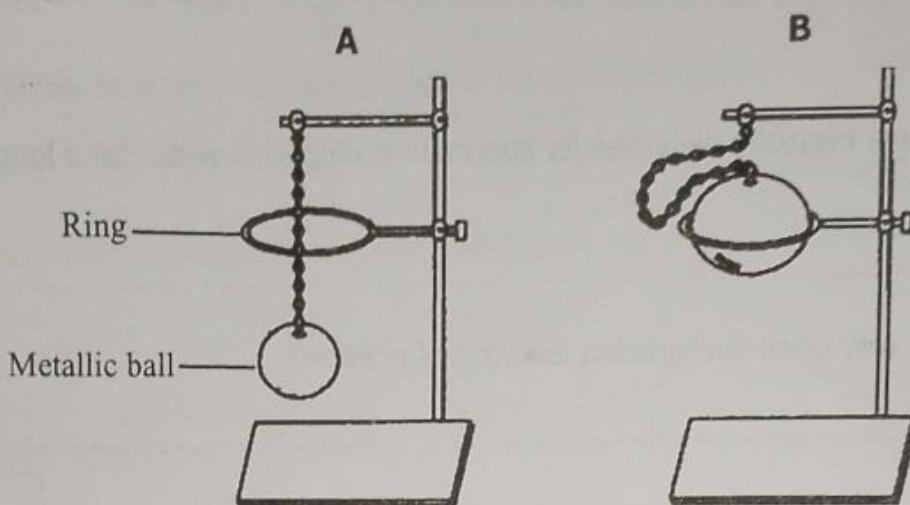

15. Why do earthworms come out of the soil after it has rained?

.....

16. Which health condition in human beings is caused by eating undercooked meat?

.....

The diagram below shows an experiment on how heat affects matter. Use it to answer question **17** and **18**.

17. Why does the metallic ball fail to pass through the ring as shown in **B**?

.....
.....

18. State the effect of heat on matter demonstrated by the experiment shown above.

.....

19. Give any **one** way of recycling wastes in the environment.

.....

20. State any **one** way in which termites benefit from soil.

.....

21. How are fangs useful to poisonous snakes?

.....

22. State any **one** sign of malnutrition in children.

.....

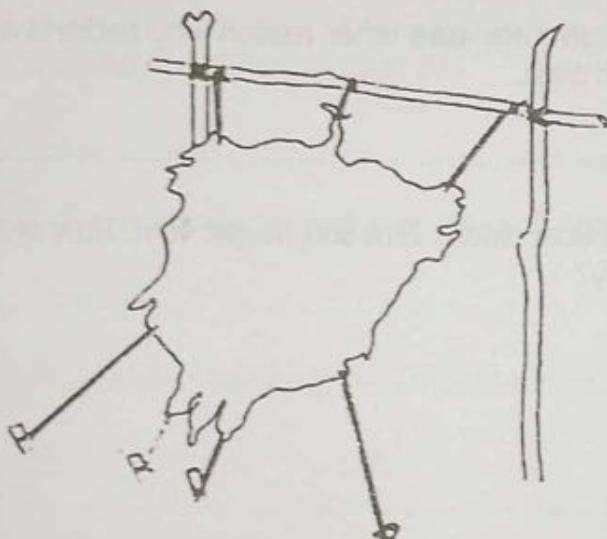

23. What piece of advice would you give to a crop farmer in order to avoid gap filling in the garden?

.....

.....

24. Apart from filtering blood, give any **one** other function of the kidneys in the human body.

The diagram below shows a method of preserving hides from cattle. Use it to answer questions 25 and 26.

25. Name the method of preserving hides shown above.

.....

26. State any **one** advantage of preserving hides using the method above.

.....

27. Why do people sometime put ash on a burning charcoal stove during cooking?

28. Why is it not advisable to burst blisters on the burnt or scalded part of the skin?
-

29. State any **one** way in which hairs in the nose are important during breathing.
-

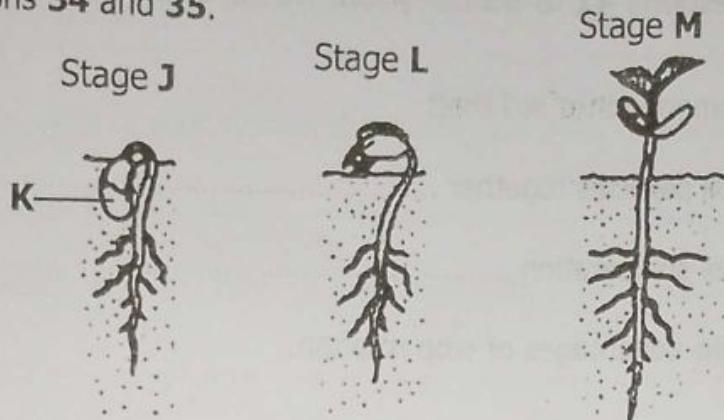

30. Which property of magnets enables a doctor to remove iron bits from the eyes of a victim?
-

31. Apart from movement, give any **one** other reason why bacteria are grouped among living things.
-

32. A cuboid has its length 8cm, width 2cm and height 4cm. How much space does the cuboid occupy?

33. How is local salt important to a crop farmer?
-
-

The diagram below shows stages of a germinating seed. Use it to answer questions 34 and 35.

34. Name the part marked **K** on the seedling.

35. Why is part marked **K** useless at stage **M**?

36. In which way does painting protect metallic tools from rusting?

37. Which system in human beings is responsible for transporting materials in the body?

38. State any **one** way in which proteins are important to the elderly people.

39. Give any **one** way in which health education is important to people.

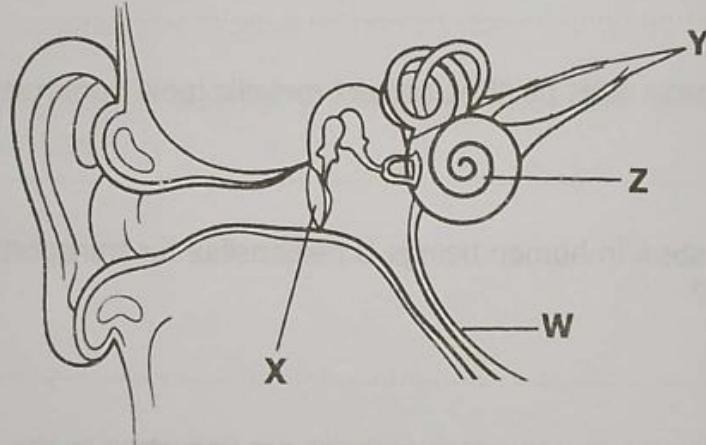

40. Apart from fracture, give any **one** other disorder that affects the muscular skeletal system.

SECTION B: 60 MARKS

Questions **41** to **55** carry four marks each.

41. a) Name the component of soil that;
- Binds soil particles together
 - Improves soil aeration
- b) State any **two** advantages of crop rotation.
-
 -
42. The diagram below shows the human ear. Study and use it to answer the questions that follow.

- a) Name the parts marked **X** and **Z**.
- X**
 - Z**
- b) State the function of the part marked **Y** on the human ear.
-
- c) Which part equalizes air pressure inside and outside the ear?
-

43. a) Apart from an onion, name any **one** other example of a bulb.

.....

- b) What type of root system does an onion plant develop?

.....

- c) In which way are fleshy leaves important to an onion?

.....

- d) State any **one** way in which an onion can be propagated.

.....

44. In the table below, part **A** shows farm records and part **B** shows their importance.

Part A: farm records	Part B: importance
Breeding records	Show the amount of feeds given.
Production records	Show equipment used on the farm.
Inventory records	Show reproduction, birth or death rates.
Feeding records	Show yields of farm produce.

Use the importance in part B of the table above to match the farm records below.

- i) Breeding records
- ii) Production records
- iii) Inventory records
- iv) Feeding records

45. a) Give any **one** reason why an ostrich is unable to fly.

.....

b) Apart from an ostrich, write down any **one** other example of a flightless bird.

.....

c) In which **two** ways are birds different from fish?

i)

ii)

.....

46. a) Name the physical process by which;

i) Steam changes to water

ii) Butter changes to cooking oil

b) Give any **one** factor that affects the rate of evaporation.

.....

c) How does a blanket protect the person against coldness at night?

.....

.....

47. The diagram below shows different methods of harvesting trees.
Study and use it to answer the questions that follow.

C

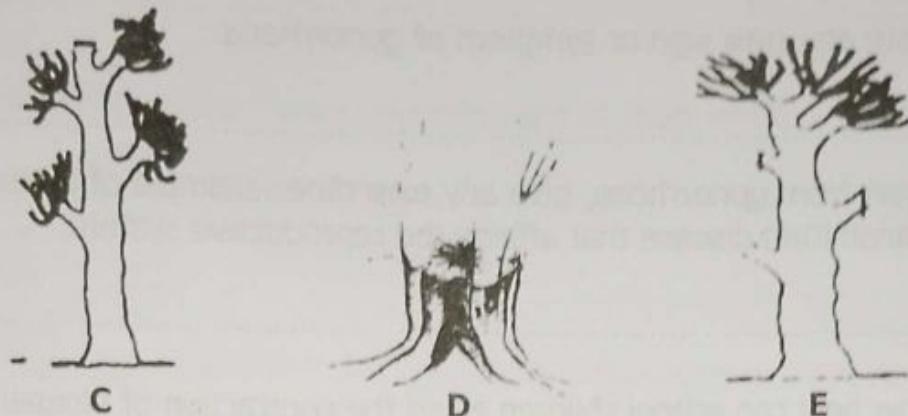

D

E

- a) Name the methods of harvesting trees marked **C** and **E**.
- i) **C**
- ii) **E**
- b) Which method is suitable for harvesting trees for timber?
.....
- c) State any **one** advantage of harvesting trees using the method marked **C**.
.....
48. a) What type of change is fermentation?
.....
- b) Apart from alcohol, write down any **two** other substances obtained by fermentation.
- i)
- ii)
- c) Give any **one** way in which alcohol is used in hospitals.
.....

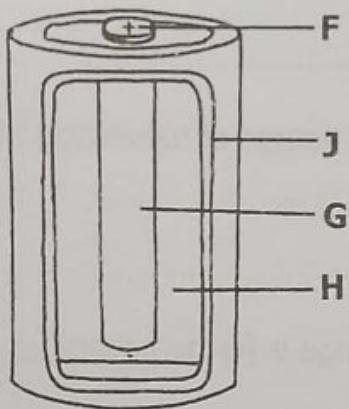

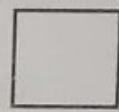

47. The diagram below shows different methods of harvesting trees. Study and use it to answer the questions that follow.

- a) Name the methods of harvesting trees marked **C** and **E**.
- i) **C**
 - ii) **E**
- b) Which method is suitable for harvesting trees for timber?
.....
- c) State any **one** advantage of harvesting trees using the method marked **C**.
.....
48. a) What type of change is fermentation?
.....
- b) Apart from alcohol, write down any **two** other substances obtained by fermentation.
- i)
 - ii)
- c) Give any **one** way in which alcohol is used in hospitals.
.....

49. a) Name the germ that causes gonorrhoea.
-
- b) State any **one** sign or symptom of gonorrhoea.
-
- c) Apart from gonorrhoea, give any **one** other example of a sexually transmitted disease that affects the reproductive system.
-
- d) How best can school children avoid the contraction of sexually transmitted diseases (STDs)?
-

50. The diagram below shows a dry cell. Study and use it to answer the questions that follow.

- a) Name the parts marked **G** and **J**.
- i) **G**
- ii) **J**
- b) State the function of the substance found in the part marked **H** in the dry cell above.
-

- c) Which terminal does part marked F represent on the dry cell above?
-

51. a) Write down any **two** chemicals used to treat water.

i)

ii)

- b) State any **one** disadvantage of using chemicals to treat water.
-

- c) Give any **one** use of distilled water to people.
-

52. The list below shows organisms in the environment. Study and use it to answer the questions that follow.

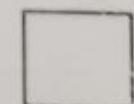

mouse, bacteria, locust, grass

- a) Construct a food chain using the list of organisms above
-

- b) Identify the secondary consumer from the list above.
-

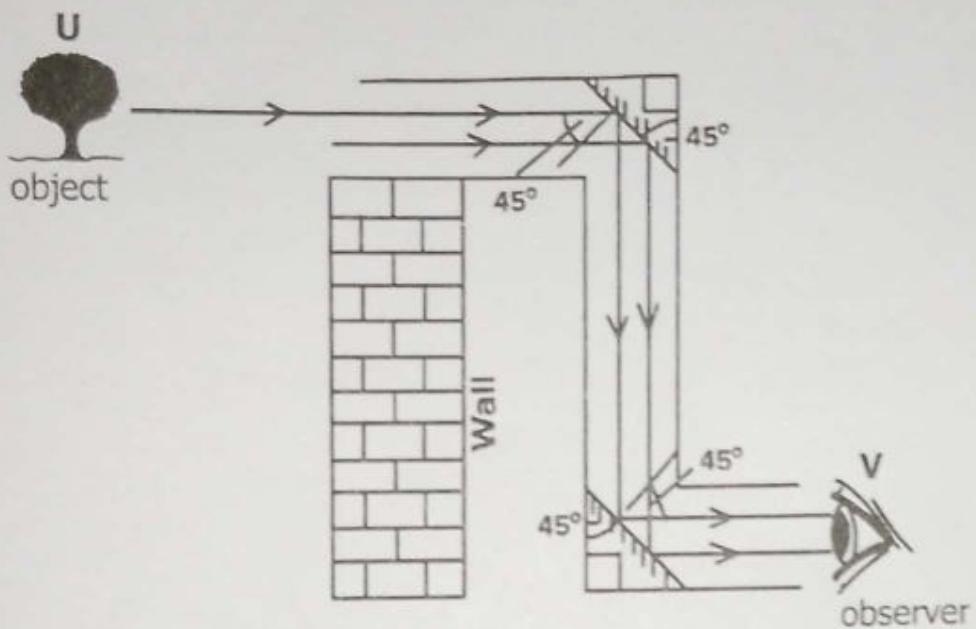

- c) What is the role of bacteria on the list above?
-

- d) State what would happen to the locusts if grass was removed from the list.
-

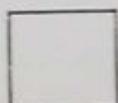

53. a) Apart from killing germs in food, give any **one** other function of hydrochloric acid during digestion.
-
- b) Which structures in the ileum make it suitable for food absorption?
-
- c) Mention any **one** role played by enzymes during digestion of food.
-
- d) State any **one** habit that can help to prevent the disorders of the digestive system.
-
54. a) Write down any **two** activities done by Young Farmers Clubs in a school.
- i)
- ii)
- b) State any **two** ways in which Young Farmers Clubs are important in schools.
- i)
- ii)

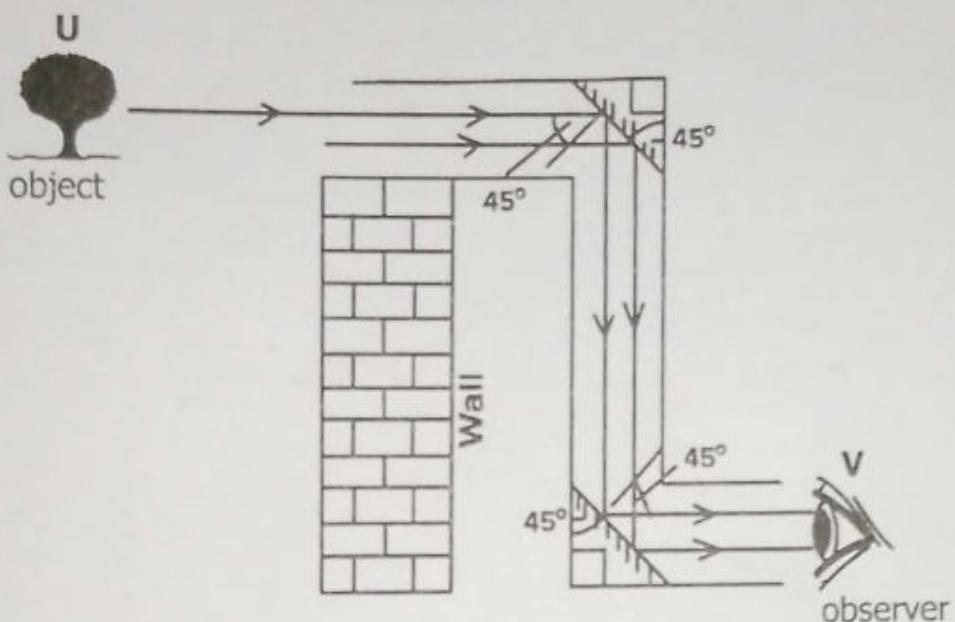

55. The diagram below shows an optical instrument. Study and use it to answer the questions that follow.

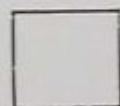

- a) Name the optical instrument shown above.
.....
.....
- b) On which principle does the optical instrument above work?
.....
.....
- c) How is the observer at point V able to see the object at point U?
.....
.....
- d) State any one way in which the optical instrument above is useful to people.
.....
.....

55. The diagram below shows an optical instrument. Study and use it to answer the questions that follow.

- a) Name the optical instrument shown above.
.....
- b) On which principle does the optical instrument above work?
.....
- c) How is the observer at point V able to see the object at point U?
.....
- d) State any one way in which the optical instrument above is useful to people.

(Rewrite the sentence using:although.....)

.....

50. Mr Kayongo is a responsible man. He can make a good leader.
(Join as **one** sentence using:such a....)

.....

SECTION B: 50 MARKS

Questions 51 to 55 carry ten marks each.

51. Read the passage below and then answer, **in full sentences**, the questions that follow.

One day our teacher of English walked into the classroom looking very happy. "Good morning, class. I have good news for you," he began. Everybody sat up and listened. He told us that some pupils from a Canadian school wanted to get pen pals from Uganda. Then he opened his bag and picked out envelopes. "Look, each of these letters was written by somebody who wants a pen pal. So, each of you is going to get a letter to reply to."

After guiding us on how to write the replies, the teacher randomly distributed the letters until everybody received one. My pen pal-to-be was a girl called Cindy Styles. She had enclosed her photo in the envelope. Cindy was a very beautiful girl with long hair. I was very excited about the idea of having her as a pen pal.

I spent the whole evening writing a reply to her. I described myself in detail with some fancy words like "I'm a cute guy of thirteen, with a fantastic voice and very sociable." The teacher promised to send our letters by airmail the next day. Since that day, we waited anxiously to hear from our pen pals. We waited and waited but there was no reply. We eventually forgot about pen pals and concentrated on our studies till the end of the term.

On the day schools broke up for holidays, we had our end-of-term assembly. All the pupils listened as the head teacher guided us on how to spend our holidays. "Make sure your holiday plan includes rest, revision, domestic chores and some entertainment," he emphasized. Finally, he announced that he had received some letters from abroad. One of the letters was addressed to me. It was from Cindy Styles! My pen pal had replied!

- a) Which pupils wanted pen pals from Uganda?

.....

.....

- b) What was the teacher carrying in his bag?

.....

- c) What did the teacher do before he distributed the letters?

.....
.....

- d) Who was the writer's pen pal-to-be?

.....

- e) How old is the writer of this story?

.....

- f) How were the reply letters sent?

.....

- g) Who addressed the pupils at the end-of-term assembly?

.....

- h) Name **one** item that a holiday plan should include.

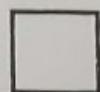

.....

- i) Give another **word** or **group of words** with the same meaning as that underlined in the passage.

I. cute

- j) suggest a suitable title to the passage.

.....

52. Read the poem below carefully and answer, **in full sentences**, the questions that follow.

Services in our communities
Whether paid or free
Everybody needs services
Banking, hotels, medical
And transport we need.

At Usafi the vendors are busy,
In the sun or under parasols
They call and persuade customers
To buy their merchandise
Then they will have school fees.

Downtown in Chakula Restaurant
Tables are laid and cutlery displayed
Girls dressed in white and waiting
To serve customers delicious dishes
Chosen from the menu.

The Link bus at Namayiba is full
Passengers silent, the engine revving
And the driver hoots impatiently
He checks the time and shakes his head
Will he reach Juba in time?

- a) What is the poem about?

.....

- b) How many services are mentioned in stanza one?

.....

c) Which market is talked about in the poem?

.....
.....

d) According to stanza two, when do vendors get school fees?

.....
.....

e) Where is Chakula Restaurant located?

.....
.....

f) Who do you think are the girls dressed in white?

.....
.....

g) Why is the bus driver impatient?

.....
.....

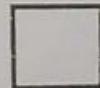

h) Give **another word or group of words** with the same meaning as
those underlined in the poem.

I. **merchandise**

II. **delicious**

i) Suggest a suitable title to the poem.

.....

53.(A) Mr Isoke is a teacher at Wonders Primary School. Below is his timetable for Friday. Use it to answer the questions, in full sentences.

8:30- 9:10am	9:10- 9:50am	9:50- 10:30am	10:30- 11:00am	11:00- 11:40am	12:20- 1:00pm	2:00-3:00pm
P.4 SST	P.6 ENG	P.7 RE		P.4 ENG	P.6 ENG	JUMA PRAYERS

a) For which day is the above timetable?

.....

b) Which class does Mr Isoke teach twice on that day?

.....

c) In which class will Mr Isoke need to use the Bible?

.....

d) What does Mr Isoke do from 2:00 pm to 3:00 pm?

.....

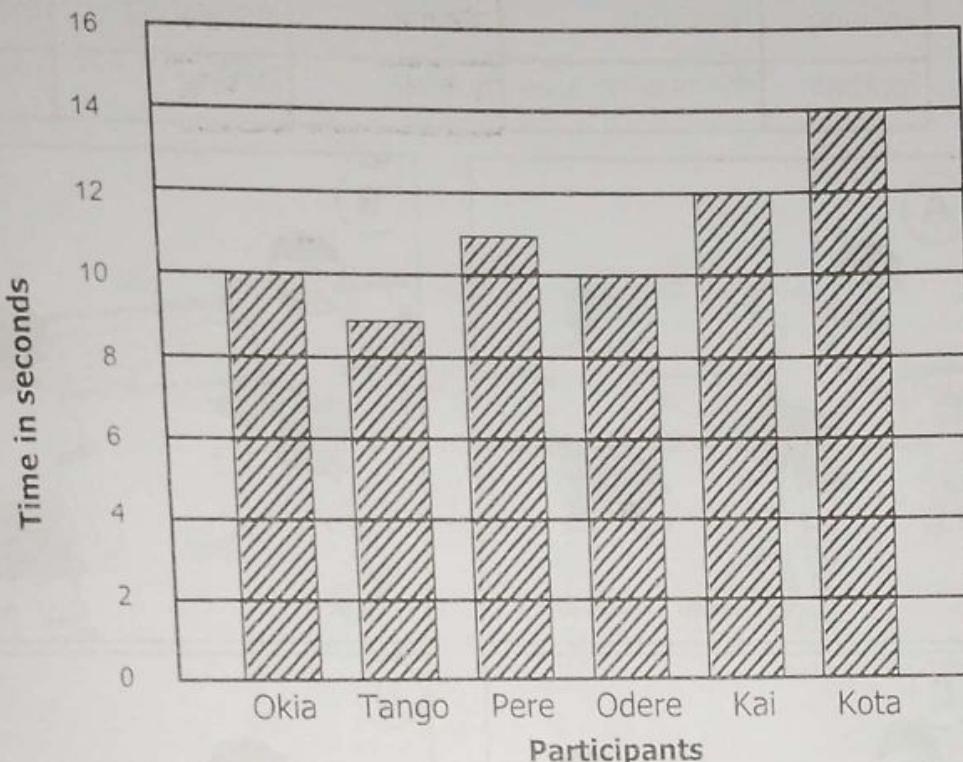

e) Why do you think he does not have any lesson between 10:30 and 11:00 am?

.....

.....

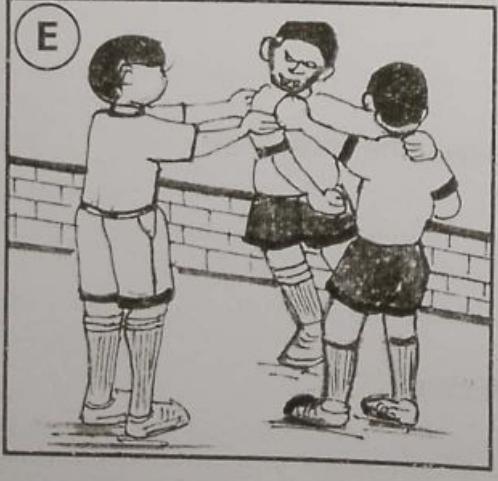

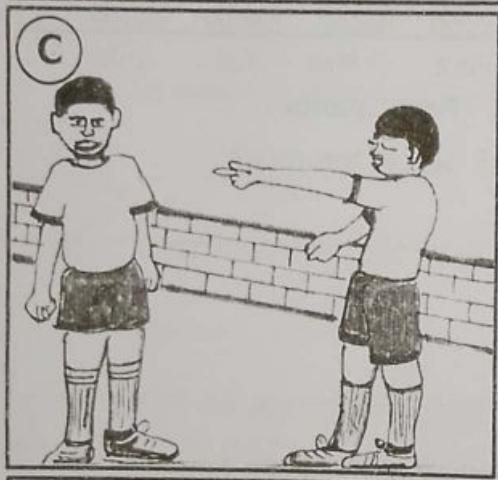

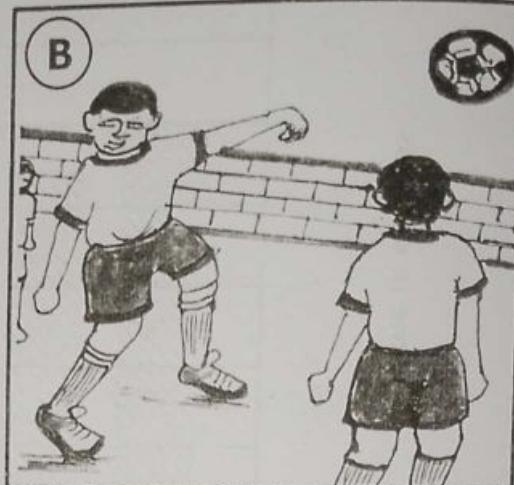

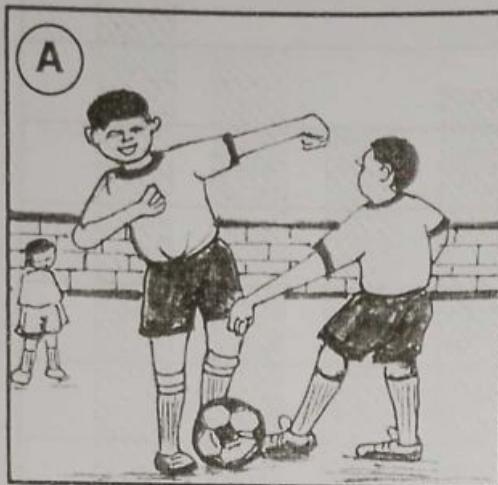

- 53(B). Six participants took part in a 100-metre race. The graph below shows the amount of time each took to finish. Study it carefully and answer, **in full sentences**, the questions about it.

- How many participants took part in the race?
.....
.....
- Who won the race?
.....
.....
- Which two participants finished at the same time?
.....
.....
- How long did Kai take to reach the finish line?
.....
.....
- Who was the slowest participant?
.....
.....

54. The pictures **A** to **F** tell a story. Study them carefully and then write **one** sentence to describe what is happening in each of them. You may use the words below to help you.

arguing	head boy	playing	separating	explaining
football	the playing area	outside	kicking	fighting

Picture A :

Picture B:

Picture C:

Picture D:

Picture E:

Picture F:

g) Which game are the boys playing in Picture A?

.....

h) Which mistake did the bad boy make in Picture B?

.....

i) Where are the boys sitting in Picture F?

.....

j) Suggest a suitable title to the story.

.....

Turn Over

55. The sentences below are not in the correct order. Rearrange them to form a good composition about education in Uganda.

- a) Only those who pass UCE continue to A level.
- b) A level consists of only two classes, senior five and senior six.
- c) In Uganda, primary education takes seven years.
- d) The final exams for senior six are known as UACE.
- e) At the end of the seventh year, pupils sit PLE.
- f) Secondary school is divided into two, O level and A level.
- g) When you pass UACE, you join university for a course of your choice.
- h) In senior four, candidates sit exams called UCE.
- i) O level has four classes, senior one to senior four.
- j) Those who pass PLE join secondary school.
