

SECTION: 40 MARKS

Attempt all questions in this section

Questions 1 to 20 carry two marks each

1.	Work out: 12×3 .	2.	Expand 2,456 using powers of ten.
3.	Find the next number in the sequence: 1, 2, 4, 8, 16, _____	4.	Increase 360 goats in the ratio of 7:6.
5.	The subsets of set P are $\emptyset, \{1\}, \{2\}, \{3\}, \{1,2\}, \{1,3\}, \{2,3\}$ and $\{1,2,3\}$. Find the number of subsets in set P.	6.	With the help of a ruler, a sharp pencil and a pair of compasses only, construct an angle of 60° .
7.	A mathematics lesson started at 7:30am and lasted for 40 minutes. At what time did it end?		
8.	Solve: $2m - 6 = 14$	9.	Simplify: $6 - 8$
10.	The cost of a fountain pen is sh.3000. Find the cost of 4 similar pens.	11.	Draw bundles to represent 38.

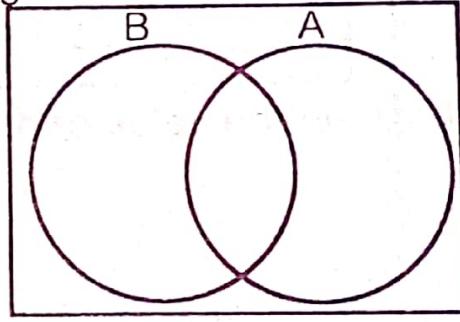

12. Find the area of the triangle ABC below.

13. Angle b and 28° are complementary angles. Find the size of angle b .

14. Musa used Ug.sh.1,800,000 to buy a shirt in US dollars. Find how much he spent in dollars, If one dollar is equivalent to Ug.sh.4500.

15. Shade set A-B in the venn diagram below.

16. Calculate the circumference of a circle whose diameter is 28cm.
(use $\pi = \frac{22}{7}$)

17. Simplify: $3p + w - 2p$

18. If $\frac{1}{4}$ of a number is 20;
Work out the number.

19.	Express 36 as a product of its prime factors.	20.	Round off 4685 to the nearest hundreds.
-----	-----------------------------------------------	-----	-----------------------------------------

SECTION B: 60 MARKS

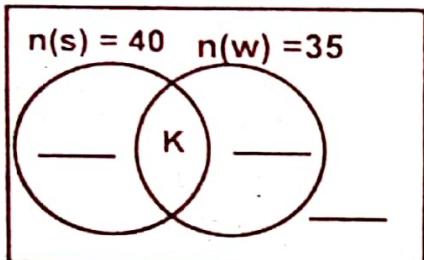

Attempt all questions in this section.

Marks for each part of the question are indicated in the brackets

21. In a meeting attended by 70 people, 40 took soda (s), 35 took mineral water(w), 6 took neither soda nor mineral water while K took both kinds of drinks.

- a) Complete the venn diagram below.

$$n(\in) = 70$$

- b) Find the value of K.

(03Marks)

22. Katabalwa, Kiboko and Kidoma shared sh.360,000 in the ratio 3:5:2 respectively.

- a) How much did each get?

(02Marks)

- b) Express Kidoma's share as a percentage.

(03Marks)

- 23.a) Use a ruler, a pencil and a pair of compasses to construct a triangle MNP where $\angle MNP = 90^\circ$, line NM = 6cm and NP = 7cm

(04Marks)

- b) Measure line MP.

(01Mark)

24. The table below shows the buying and selling rates at Stanbic bank of currency. Use it to answer the questions that follow.

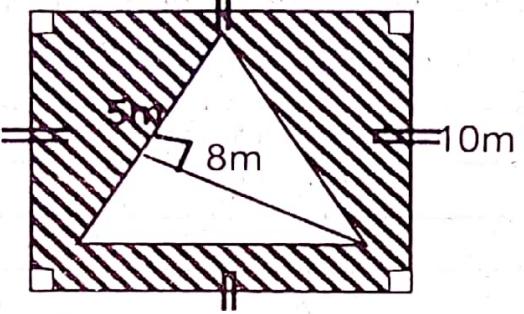

Currency	Buying rate	Selling rates
1Ksh	Ugsh 29	Ugsh 30
1US dollar	Ugsh 3500	Ugsh 3600

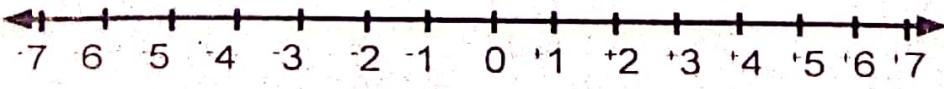

- a) If Ssuuna went to the bank with 400 dollars, how much money in Uganda shillings did he get from the bank?

(02Marks)

- b) A tourist left Kenya for USA with Ksh 720,000. How many USA dollars did he get from the bank?

(03Marks)

25	<p>a) The sum of three consecutive counting numbers is 36. Find the numbers.</p> <p style="text-align: right;">(03Marks)</p>	<p>b) Find their range.</p> <p style="text-align: right;">(02Marks)</p>
26.	<p>The figure below shows a triangle enclosed in a square of side 10m. Study it carefully and answer the questions that follow.</p>  <p>a) Find the area of the triangle.</p> <p style="text-align: right;">(02Marks)</p> <p>b) Work out the area of the square.</p> <p style="text-align: right;">(02Marks)</p> <p>c) Calculate the area of the shaded part.</p> <p style="text-align: right;">(01Mark)</p>	

27.	<p>A motorist started his journey at 7:30am travelling at a steady speed of 7km/h for 3hours from home to the working place.</p> <p>a) Find the distance he covered.</p> <p>b) At what time did he reach the working place?</p>	(02marks)
28.a)	Write 2,456 in words.	<p>b) What number has been expanded to give; $(7 \times 10^2) + (3 \times 10^1) + (5 \times 10^0)$?</p>
		(02marks)
c)	Mugwana weighs 64kg . Write his mass in Roman numerals.	(02marks)
		(02marks)
29. a)	Work out $4 + -7$ using the number line below.	
		(03marks)
b)	Find the integer which is 7 steps to the right of -3 .	(02marks)

30. a) Nelson is 37 years old and Karamagi is 17 years old.
After how many years will Nelson be twice the age of Karamagi?
- b) How old will each be then? (03marks)
- (02marks)

31. Use the table below to answer the questions that follow.
- | | | | |
|--------|----|----|----|
| marks | 70 | 90 | 80 |
| pupils | 3 | 2 | 5 |
- a) Find the number of pupils who sat for the test.
- b) Find the mean mark. (02marks)
- (03marks)

- 32.a) Work out: $\frac{0.48 \times 0.6}{0.012}$
- b) Change 0.6 to a common fraction. (03marks)
- (02marks)

The diagram below is of a drum. Study and use it to answer question 35.

35. Why are sticks marked K fixed in the strings of the drum as shown in the diagram above?
36. Write the behaviour of a feather when placed on water.
37. Apart from being used as a drink, state **one** other way alcohol is useful to people.

38. Name **one** example of a crop that is first grown in a nursery bed.

39. State the best way of improving the immunity in babies through natural means.

40. Which intestinal worms enter the body by penetrating through bare skin?

SECTION B: 60 MARKS

Questions 41 to 55 carry **four** marks each.

41(a) What term refers to the stage of growth when a young person is between childhood and adulthood?

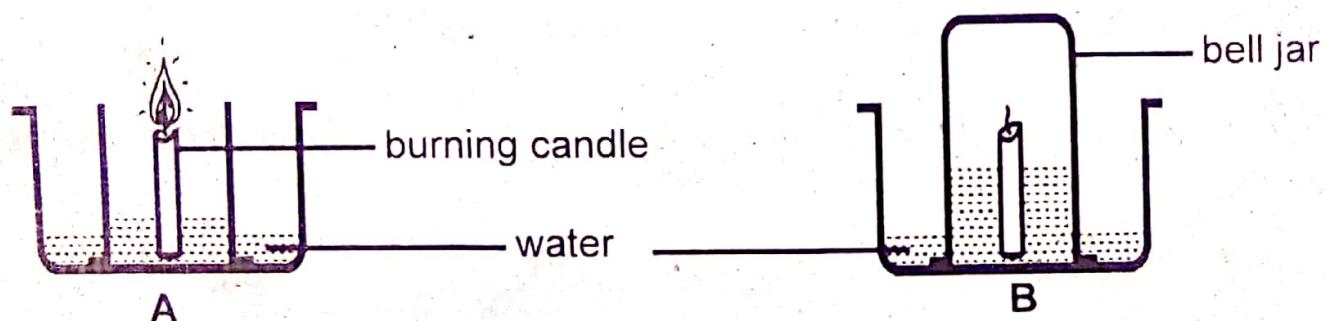

(b) Mention any **two** primary sex changes that may occur in girls undergoing the stage mentioned in 41(a) above?

(i) _____

(ii) _____

(c) Why are girls undergoing the stage in 41(a) above advised to abstain from sex?

42. The diagram below shows an experiment carried out by Primary Five class in a science lesson. Study it carefully and use it to answer the questions that follow.

(a) Which component of air enables the candle to burn as shown in A above?

(b) What makes the candle to stop burning when covered with the bell jar as shown in B above?

(c) Give the reason why the water level rises as seen in diagram B above.

(d) Name the type of change that occurs when candle wax melts.

43(a) Mention any **two** diseases spread through the 4Fs germ path.

- (i) _____
(ii) _____

(b) State any **two** health lifestyles that can help one control diseases spread through the 4Fs germ path.

- (i) _____
(ii) _____

44(a) Write any **one** principle of Primary Health Care.

(b) Which element of PHC is promoted when;

- (i) one washes dirty clothes? _____
(ii) a family agrees on the number of children they are to have in their family? _____

(c) State **one** way the community can participate in promoting PHC.

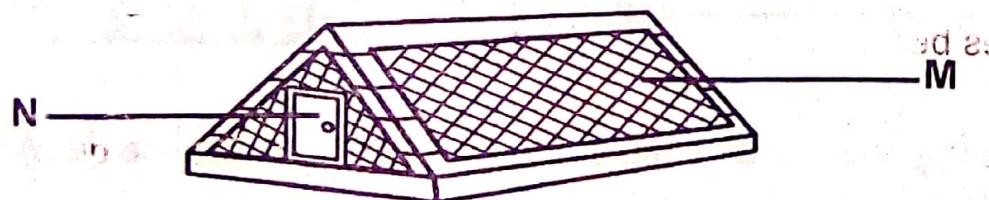

45(a) Name **one** example of a drug that is commonly abused by people.

(b) Mention any **two** excuses people give for abusing drugs.

- (i) _____
(ii) _____

(c) Give **one** danger of drug abuse to an individual's health.

46. Below is a diagram of a rabbit hutch. Study and use it to answer the questions that follow.

(a) Name the type of hutch shown in the diagram above.

(b) What name is given to part labelled **M** on the above diagram?

(c) Give the function of part labelled **N** on the hutch shown in the diagram above.

(d) State **one** disadvantage of the type of hutch shown in the above diagram.

47(a) Name the liquid metal commonly used in thermometers.

(b) State **two** reasons why the liquid metal mentioned in (a) above is used in thermometers.

- (i) _____
(ii) _____

(c) Why should a clinical thermometer be shaken by a health worker before being used on another patient?

48(a) Write the first **two** steps involved in the cleaning of clothes.

- (i) _____
(ii) _____
- (b) Mention any **two** ways of caring for washed clothes at home.
- (i) _____
(ii) _____

49. Complete the table below correctly.

Vaccine	Age of administration	Body site for administration
Measles vaccine	_____	left upper arm
_____	at birth	right upper arm
DPT vaccine	6 weeks, 10 weeks, 14 weeks	_____
Polio vaccine (OPV)	_____	mouth

50(a) Name the structure on the body of a worker bee that enables it to:-

- (i) defend the hive _____
(ii) carry pollen from flowers _____
- (b) How does bee keeping help in the control of marasmus?

(c) In which way is a modern beehive adapted to preventing the queen bee from entering in the honey chamber?

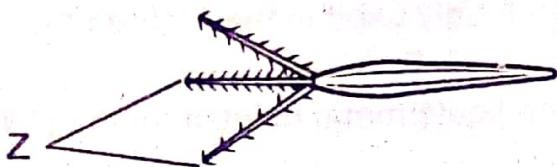

51(a) Give **one** example of a salt lost during dehydration.

(b) State any **one** cause of dehydration in babies.

(c) How can a mother tell that one of her children is dehydrated?

(d) Write **one** effect of dehydration to an individual.

52. The diagram below is of a blackjack seed. Use it to answer the questions that follow.

(a) How is the seed shown in the diagram above dispersed?

(b) Give the name and function of structures marked Z on the seed shown above:

- (i) name _____
(ii) function _____

(c) Name one other seed dispersed in the same way as the one shown in the diagram above.

53(a) State the basic units used in the measurement of;

- (i) weight _____
(ii) mass _____

(b) Mention two examples of instruments used in the measurement of mass and weight.

- (i) _____
(ii) _____

54(a) Why is the trachea made up of rings of cartilage?

(b) Give two adaptations of the alveoli to their function of gaseous exchange.

- (i) _____
(ii) _____

(c) State one disorder of the respiratory system.

55. Match the crops below to the pests that attack them.

List A

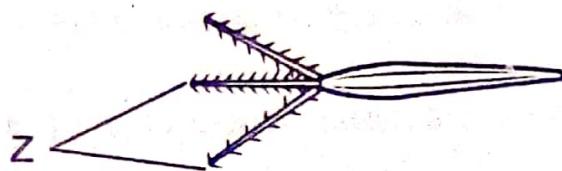

maize
cassava
sweet potato
beans

List B

white fly
army worms
stalk borer
squirrel

- (i) maize _____
(ii) cassava _____
(iii) sweet potato _____
(iv) beans _____

52. The diagram below is of a blackjack seed. Use it to answer the questions that follow.

(a) How is the seed shown in the diagram above dispersed?

(b) Give the name and function of structures marked Z on the seed shown above:

(i) name _____

(ii) function _____

(c) Name one other seed dispersed in the same way as the one shown in the diagram above.

53(a) State the basic units used in the measurement of;

(i) weight _____

(ii) mass _____

(b) Mention two examples of instruments used in the measurement of mass and weight.

(i) _____

(ii) _____

54(a) Why is the trachea made up of rings of cartilage?

(b) Give two adaptations of the alveoli to their function of gaseous exchange.

(i) _____

(ii) _____

(c) State one disorder of the respiratory system.

55. Match the crops below to the pests that attack them.

List A

maize

cassava

sweet potato

beans

List B

white fly

army worms

stalk borer

squirrel

(i) maize _____

(ii) cassava _____

(iii) sweet potato _____

(iv) beans _____

SECTION A: 50 MARKS

Sub-Section I

In each of the questions 1 to 5, fill the blank space with a suitable word to complete the sentence.

1. The butcher cut the meat _____ small pieces.
2. We _____ a loud noise from that room.
3. My sister invited the guests for lunch but most of _____ arrived at 6:00p.m.
4. _____ the baker or the cook will buy that stove.
5. Samantha _____ welcomed the guests with a smile.

In each of the questions 6 to 15, use the correct form of the word given in brackets to complete the sentence.

6. Ariko, the tailor _____ new garments every day. (design)
7. Where did you get all those _____? (thesaurus)
8. The customer asked the waitress to add _____ more soup. (she)
9. We shall _____ with our relatives at Tasty Food Restaurant in the evening. (dinner)
10. I think this helmet is _____ expensive than that one. (much)

36. Both the juice and the soda are very cold. (Rewrite the sentence using: as well as.....)
-
37. Clean the tables before you leave. (Rewrite the sentence beginning: May.....)
-
38. You need planks and some nails to make a chair. (Rewrite the sentence beginning: Besides.....)
-
39. She cannot write with the left hand, (Rewrite and supply with a suitable question tag)
-
40. The wedding cake was black in colour. It was very tasty. (Rewrite as one sentence using:though.....)
-
41. Peter wove baskets when he was in Primary Five. (Rewrite the sentence using:used to.....)
-
42. That carpenter is smart. He is also intelligent. (Rewrite as one sentence beginning: Not only.....)
-
43. When it rains today, we shall harvest water. (Rewrite the sentence using:if.....)
-
44. Never walk at night. Never follow strangers. (Rewrite as one sentence beginning: Neither.....)
-
45. It was not necessary for Wamundu to beat the dog. (Rewrite the sentence using:needn't.....)
-
46. "Look up the spelling of that word," said Martha. (Rewrite the sentence using:told me.....)
-

47. He enjoys swimming more than dancing. (Rewrite the sentence using: prefers.....)

48. That is the corner. Tito got an accident there. (Rewrite as one sentence using: where.....)

49. Muteza asked for permission to go home because he was not feeling well. (Make a question to the above answer.)

50. She made a cake. She made it for a wedding. (Rewrite as one sentence ending: cake.)

SECTION B: 50 MARKS

51. Read the passage below carefully and then answer, in full sentences, the questions that follow.

Alex always wanted to have a bicycle. He admired Matama who had one. Matama was the "village king". All the children in the village respected him. They never wanted to make him angry. They carried his books while coming back from school. They also gave him eats at break time. They did all this so that Matama could give them a lift on his bicycle or give them his bicycle to ride.

One day, Alex asked Matama to give him his bicycle. Matama refused. He said that Alex was too fat to sit on his bicycle. Alex felt very bad. He talked to his father about it. His father promised to buy a bicycle for him if he performed very well.

Alex became serious with his studies. He did all the exercises and never dodged classes. He performed very well at the end of the term. He excitedly took his report card to his dad. Alex's father was happy with his results. He took him to Mukulu's shop and bought him a new bicycle. Alex went back home on his new bicycle. All his friends were happy for him. He promised to ride his bicycle with them.

Questions:

a) Who had a bicycle at first?

b) What made Matama the village king?

c) What do you think is Alex's size?

d) How did Alex feel when Matama refused to give him the bicycle?

e) Why did the children share eats with Matama?

f) When would Alex get a bicycle according to his father?

g) What did Alex do to perform well?

h) Where did they buy a new bicycle?

i) What did Matama promise his friends?

j) Suggest a suitable title to the passage.

52. Muhota went to Rics Baker's . He went to buy a cake for his sister. He was given this information. Study it carefully and then answer, in full sentences, the questions that follow.

RICS BAKER'S

Type of cake	Price

(g) What do you think is the price of a one tier cake with strawberry?

(h) Which cake is not sold in pieces?

(i) Why do you think Muhota wanted to buy a cake for his sister?

(j) Where are the cakes above sold?

53. Read the poem below carefully and then answer, in full sentences, the questions that follow.

On the run
Hiding behind classrooms and doors
Because I am on the search list of all prefects
For dodging school activities.

On the run
With no place to hide now
Because I am on the search list of all policemen
For stealing from Sam's shop.

End of the run
Tired of hiding and suffering
Because of my bad behaviour
I am tired of being a bad boy .

Zego

Questions:

a) Where is the writer hiding?

b) Who is looking for the writer in stanza one?

c) What do the prefects want the writer to do?

d) Why are the policemen looking for the writer?
