(i)

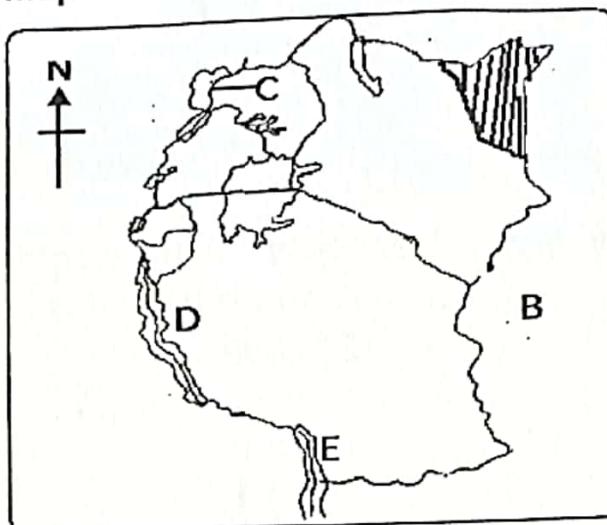

(ii)

43. a) Study the map below and answer the questions that follow.

(a) Which ethnic group is found in the shaded area?

.....

b) Name the part of river Nile marked C.

.....

c) State the similarity between lakes E and D in terms of their formation.

.....

d) Locate Burundi using letter M on the map above.

44. a) Give one characteristic Commonwealth of Nations member states.

.....

b) Name any one dominion state of the Commonwealth organization.

.....

c) Mention any one activity organized by Commonwealth organization.

.....

d) How does Uganda benefit from participating in Commonwealth games?

.....

45. a) What do you understand by the term **population census**?

.....
.....

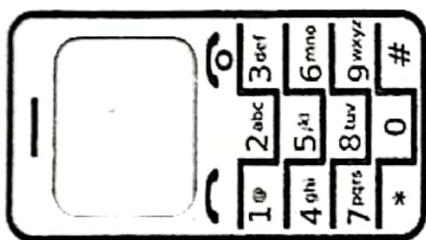

b) Give any two reasons why the government conducts population census.

- (i)
(ii)

c) State any one challenge faced by enumerators during population census.

.....

46. Study the diagrams below and answer the questions that follow;

A

B

a) Name the social service providers labeled A and B.

- (i) A
(ii) B

b) Which social service is provided by item B?

.....

c) Give any one danger of item A to children.

.....

47. a) Give any one influence of drainage features on each of the following;

(i) human activities

.....

(ii) vegetation distribution

.....

b) Mention any two ways of conserving drainage features in an area.

(i)

(ii).

.....
.....

29. You heard the school bell at the end of the lesson, what sense organ did you use to detect the sound of the school bell

.....
.....
.....

30. Why is AIDS considered to be the most dangerous sexually transmitted disease?

.....
.....
.....

The diagram shows the foot of a bird. Use it to answer questions that follow

31. How is part marked Z important to the bird?

.....
.....

32. Give one example of a bird with such a foot.

.....
.....

33. Write ICHD in full as used in immunization.

.....
.....

34. Give one way of identifying a legume from other dicotyledonous crops.

.....
.....

35. Which part of the male reproduction organ is responsible for production of sperms?

.....
.....

36. Apart from sun drying, state one other method of preserving food.

.....
.....

37. In which state of matter does sound travel fastest?

.....
.....

38. Give one characteristic of enzymes.

.....
.....

39. What is the difference between the life cycle of a grasshopper and that of a mosquito?

.....
.....

40. In the space below, draw a diagram to show that air has weight.

.....
.....
.....
.....

SECTION B

41(a) What is P.H.C?

.....
.....

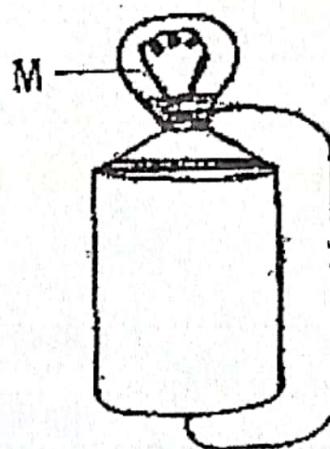

(b) Identify any two elements of P.H.C.

- i)
- ii)

(c) Write down one principle of P.H.C.

.....
.....

42. Study the diagram of a simple circuit and answer the questions which follow.

(a) Show with an arrow the direction of flow of the current.

(b) Apart from light, give one other form of energy produced at M.

.....

(c) What energy change occurs in the dry cell when the circuit is complete?

.....
.....

(d) Mention one thing that you can do to increase the brightness of the light of a bulb in the diagram above.

.....
.....

43(a) What is a resource?

.....
.....

(b) Give one example of;

(i) a non-living resource:

.....

(ii) a living resource:

.....

(c) How can air be used as an energy resource?

.....
.....

44(a).What is meant by the term first aid?

.....
.....

(b) Suggest two reasons why casualties should be given first aid

(i).....

(ii).....

(c) Mention any one quality of a good first aider.

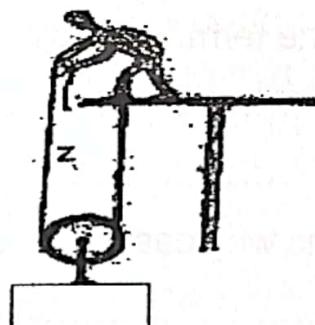

.....
.....

45. Match the type of joint to the part of the human body where each name.

Type	Part
Hinge joint	wrist
Gliding joint	shoulder
Pivot joint	neck vertebra
Ball and socket joint	elbow

- (a) Hinge joint:
- (b) Gliding joint:
- (c) Pivot joint:
- (d) Ball and socket joint:

46. Study the diagram below and answer questions that follow

400kg

- (a) Name the type of pulley shown in the diagram.

.....

- (b) How does the pulley shown make work easy?

.....

- (c) Put arrows on the strings to show the direction of the effort.

(d) If the MA of machine is 2, calculate the effort required to move the load.

.....

47(a) Write down any two example of poultry vices.

- (i)
- (ii)

(b) State two disadvantages of keeping local breeds of poultry.

- (i)
- (ii)

48(a) List two things you can do to promote personal hygiene.

- (i)
- (ii)

(b) Mention two things that you can do to live a healthy life style.

- (i)
- (ii)

49(a) What is the greatest natural source of heat and light?

.....

(b) Give any two uses of heat as form of energy.

- (i)
- (ii)

(c) Lavender made a fire and she sat 1 metre away from the fire on a stool. By what process did she receive the heat?

.....
.....

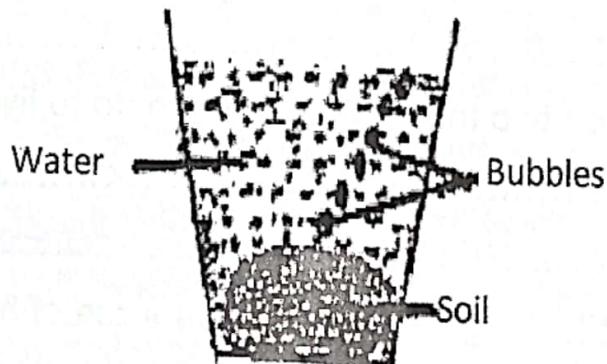

50(a) Apart from weathering, state one other process by which soil is formed.

.....
.....

(b) Which component of soil supports both germination and photosynthesis in plants?

.....
.....

(c) What does the experiment in the diagram prove about soil?

(d) How does mulching improve soil fertility?

.....
.....

51(a) What is a balanced diet?

.....
.....

(b) Identify the cause of each of the following deficiency disease.

(i) Scurvy:

.....
.....
.....

(ii) anaemia:

.....
.....

(c) Why should pregnant women feed on foods rich in a balanced diet?

.....
.....

52(a) Mention two examples of chemical changes.

- (i)
(ii)

(b) Write down two characteristics of chemical changes.

- (i)
(ii)

53(a) which scientific term is used to describe the process by which harmful waste products are removed from the body?

.....
.....

(b) Mention the body organ which removes each of the following Waste products.

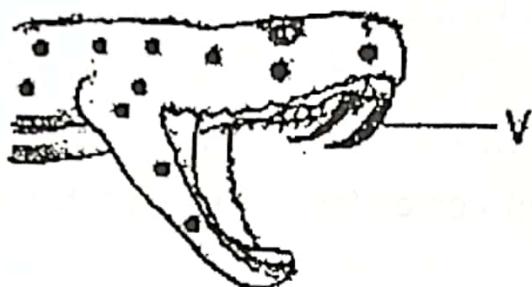

(i) Sweat:

.....
.....

(ii) Bile pigments:

(iii) Carbon dioxide and water vapour:

-
54. The diagram below shows a common vertebrate. Study it and answer the questions below.

- (a) In which group of vertebrates is it found?

.....

.....

- b) Identify one other vertebrate in the group with the one shown above.

.....

.....

- c) Name the part labeled V?

.....

.....

- d) How does the above vertebrate reproduce?

.....

.....

55(a) What term describes the practice of drying timber under a shade?

.....
.....

(b) Give any **two** reasons why wood should be dried under a shade.

(i).....
(ii).....

(c) Identify any **one** method of harvesting trees.

.....
.....

(Rewrite the sentence beginning: Our school furniture.....)

.....
.....
.....
.....
.....

SECTION B: 50 MARKS

(Questions 51 to 55 carry ten marks each)

51. Read the passage below and answer the questions about it in full sentences.

AMOOTI'S JOURNEY

Last year, our friend Amooti won the swimming competitions. The organizers offered her a trip to Mombasa. She was excited about it. That morning, Joseph and I accompanied her to Kalangala landing site. We got there a few minutes to departure time. There were many passengers going to Amooti's destination. The ferry fares were a little high. Amooti was charged ten thousand shillings from Kalangala to Nakiwogo landing site in Entebbe. She also paid for her luggage which was put into the luggage rack by the conductor.

She boarded a taxi from Entebbe to the railway station in Kampala.

At the railway station, she was given a ticket that she had paid for two days before. She got onto the train and at around 9:00a.m., the train driver started the engine. Amooti hurried to take up her seat. She sat near the window. She wanted to see everything on the way clearly.

That evening, Amooti rang and told us about the journey. She said that she was having a good time in Mombasa Town. She promised to tell us more about the journey by train to Mombasa .

Questions

1. Which competitions did Amooti win last year?

.....
.....

2. Who offered Amooti a trip to Mombasa?

.....
.....

3. By what means of transport did Amooti travel from Kampala to Mombasa?

.....
.....

4. What are the two landing sites mentioned in the passage?

.....
.....

5. How much money was she charged from Kalangala to Kampala altogether?

.....
.....

6. Where was Amooti's luggage put?

.....
.....

7. Who helped Amooti to put her luggage into the rack?

.....
.....

8. When did she ring her friends to tell them about the journey?

.....
.....

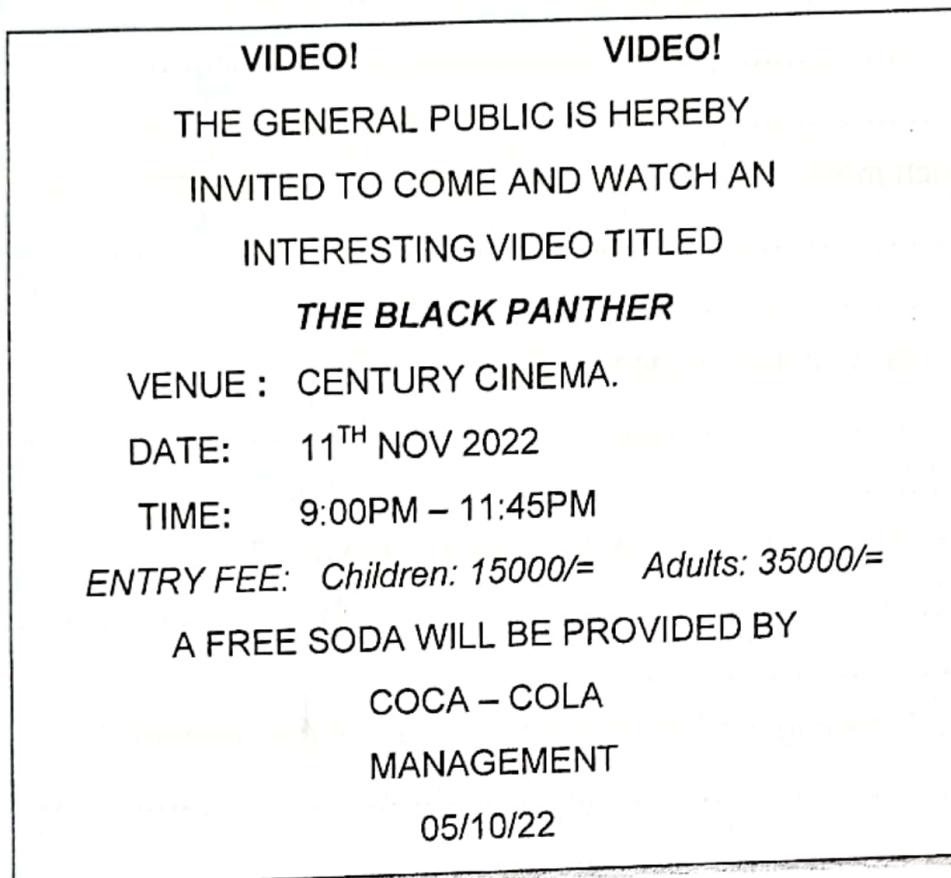

9. Where did Amooti sit in the train?

.....
.....

10. At what time did the driver start the engine?

.....
.....

52. Read the following poster carefully and answer the questions that follow in full sentences.

Questions

a) What is the poster about?

.....
.....
.....

b) Which video will be shown?

.....
.....
.....

c) Where will the show take place?

.....
.....

d) How much will Mr. Kato and his 10 year old son pay to watch the show?

.....
.....

e) Who is being invited for the show?

.....
.....

f) When will the video be shown?

.....
.....

g) Which company will give the audience free sodas?

.....
.....

h) At what time will the show commence?

.....
.....

i) How long will the show take?

.....
.....

j) Write PM in full.

.....

53. Study the poem below and answer the questions in full sentences.

A BUSY MARKET

Monday to Monday except Sunday,
Vendors wait patiently at their stalls,
"Items in heaps are cheap," says the seller
The buyers are bargaining now and again.

Again another busy market week
Items are marked with price tags.
Kilograms, grams and litres are the measures,
Measures are standards that don't change.

May I know the price of mangoes?
These are cheaper and riper
There are no bad ones, madam, just bargain,
I will weigh and pack

Chemutai Nancy (P.7.Y.)

Questions

1. On what day is the market closed?

.....
.....

2. Where do vendors wait patiently?

.....
.....

3. Which items are cheap according to the sellers?

.....
.....

4. How do the buyers get to know the prices of different items?

.....
.....

.....
.....

6. In which stanza do buyers bargain?

.....
.....

7. Which standard measures are used in the market?

.....
.....

8. Who wrote the poem?

.....
.....

9. What do you understand by the word vendors?

.....
.....

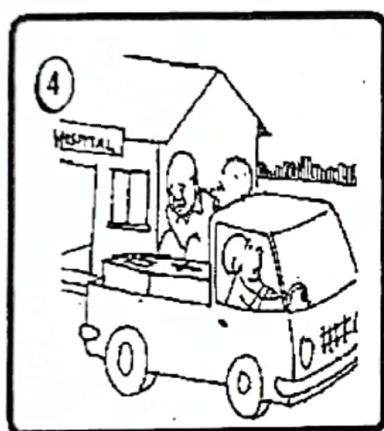

10. Write the title for the poem.

.....
.....

54. The sentences below are in a wrong order. Arrange them correctly to form a meaningful composition about the importance of the post office.

1. Now we all know the importance of the post office.
 2. Last term, we learnt about the post office.
 3. Buses are used to transport these people.
 4. Thirdly, the post office transports people to different parts of the country.
 5. Secondly, it helps in sending parcels to different people.
 6. We were taught by Mr. Mukatu, our teacher of English.
 7. These letters are written by different people.
 8. First he said that the post officer sends and receives letters.
 9. He taught us the importance of the post office.
 10. These parcels are weighed before sending them.

55. The pictures below tell a complete story. Study them carefully and answer the questions about them in full sentences.

You may use any of these words to help you.

Loading	coffin	carrying	colliding	lying
prayers	head-on	priest	nurse	escape
mourners	addressing	truck	escape	crossing

1. Picture 1.....

.....

2. picture 2.....

.....

3. picture 3.....
.....

4 picture 4.....
.....

5. picture 5.....
.....

6 picture 6.....
.....

(b) What has caused the accident?

(b) In picture 4, where do you think the vehicle is going?

(c) In picture 5, what is the man holding a book doing?

(d) Who do think the old man holding a stick in picture 6 might be?

HILLSIDE PRIMARY SCHOOL
PRE-PRIMARY LEAVING EXAMINATIONS
2022
MATHEMATICS (SET SEVEN)

Time Allowed: 2 Hours 30 Minutes

Index No.	Random No.	Personal No.

Candidate's Name..... Stream.....

Candidate's Signature.....

EMIS No.....

District Name.....

Read the following instructions carefully:

1. The paper has two sections: A and B. Section A has 20 questions and Section B has 12 questions
2. Answer all questions. All answers to both sections A and B must be written in the spaces provided.
3. All working must be done using a blue or black ball-point pen or fountain pen. Any work written in pencil other than graphs and diagrams will not be marked
4. No calculators are allowed in the examination room.
5. Unnecessary changes in work may lead to loss of marks. Any handwriting that cannot easily be read may lead to loss of marks.
6. Do not fill anything in boxes indicated: "For Examiners' Use Only" and those inside the paper.

FOR EXAMINERS' USE ONLY

TOTAL		

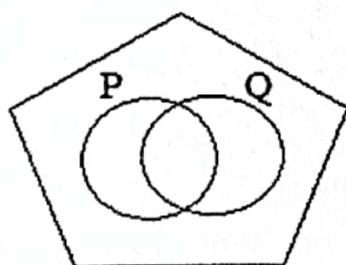

SECTION A (02 Marks each)

1. Work out $27 + 18$

2. Write **Fifty six thousand four hundred seven** in figures.

3. Simplify $3y - k + 4y - 2k$

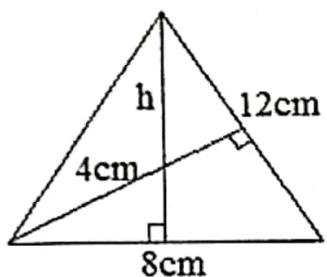

4. In the diagram below, shade neither P nor Q.

5. Find the G.C.F of 16 and 24

6. Today is Tuesday, what day of the week will it be after 40 days?

7. Find the value of h in the diagram below;

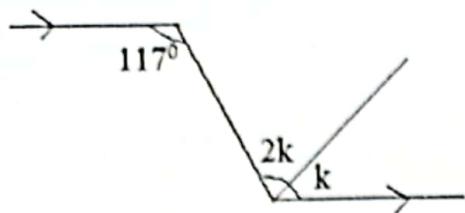

8. A night prep ended at 9:15pm. Express this ending time in a 24-hour clock system.

9. Complete the sequence correctly.

9, 16, 25, 36, 49, _____

10. In the diagram below, find the value of k

11. In a line of vehicles, a Toyota Harrier is the 6th and 19th from either side of the line. How many vehicles are in that line?

12. Set $D = \{ 4, w, 8, \text{pen} \}$. How many proper subsets are in set D ?

13. Given that $a = 3b$ and $b= 2$, find the value of $2a + b^3$.

14. Express **414** in Roman numerals.

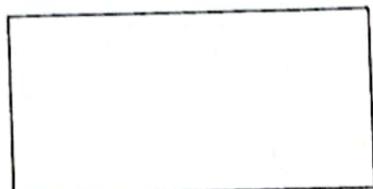

15. Simplify $\frac{3}{5} - \frac{1}{3}$

16. A trader deposited sh.600,000 in a SACCO that offers a simple interest rate of 10% per month for 4 months. Calculate her simple interest.

17. John is two thirds as old as Alex. Alex is (x) years old. The product of their ages is 24 years. How old is John?
18. Find the value of 5 in the number 25834.
19. Find the range of ${}^{\circ}9$ and ${}^{\circ}2$.
20. Without using a pair of compasses, draw an angle of 105° .

SECTION B (60 Marks)

21. The length and width of the rectangle below are in the ratio of 5:3 respectively.

If the perimeter of the above rectangle is 48cm, find its area. **(05 marks)**

22. a) Work out $(5.7 \times 15) + (85 \times 5.7)$ using distributive property. **(02 marks)**

b) Work out $\frac{0.24 \times 1.5}{0.6 \times 0.5}$ **(03 marks)**

23. Given that $y = 3x - 1$, complete the table below, (05 marks)

x	2		-1		$\frac{1}{3}$
y		8		2	

24. a) Using a ruler, a pencil and a pair of compasses only, construct a parallelogram ABCD in which line BC = 8cm, angle CBA = 60° and line CD = 4cm. (05 marks)

b) Measure the length of diagonal AC. **(01 mark)**

25. In Kokoto primary school, $\frac{1}{6}$ of the pupils like posho, $\frac{2}{5}$ of the remainder like rice and the rest like Irish potatoes. If 550 pupils like Irish potatoes, how many pupils are in the school? **(05 marks)**

26. A candidate went shopping and bought the following items;

8 pens at sh.500 each

2 rulers each at sh.1500

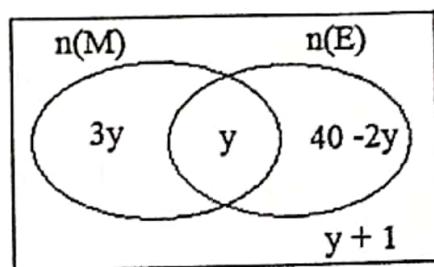

10 pencils at sh.450 for every two pencils.

a) Calculate his total expenditure. **(04 marks)**

b) If he had 5-two thousand shilling notes, find his change.

(01 mark)

27. The Venn diagram below shows the number of pupils who like Maths(M) and English(E). Use it to answer the questions that follow;

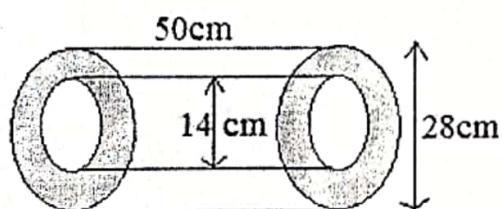

a) If the number of pupils who like Maths is equal to the number of pupils who like English, find the value of y . (03 marks)

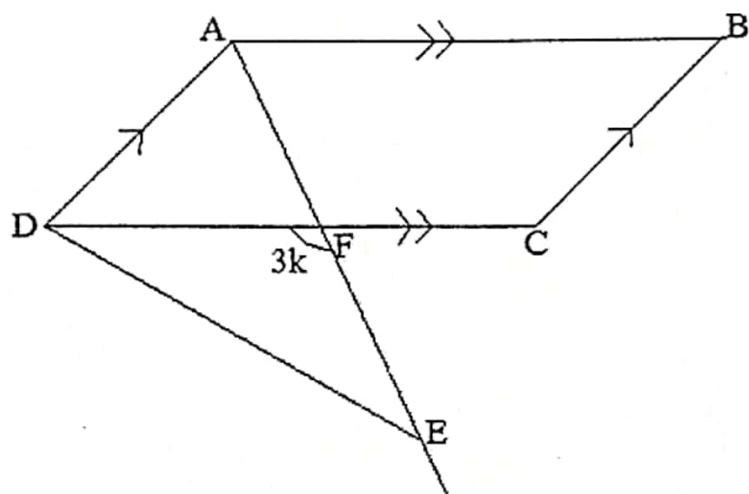

b) How many pupils are in the class?

(02 marks)

28. Study the hollow cylinder below carefully. Find the volume of the concrete .
(05 marks)

30. In the diagram, line DF bisects angle ADE, angle DCB = 130° and angle FAB = 60° . Find the value of k . **(04 marks)**

31. a) Solve $\frac{8}{p} + 5 = 9$ **(02 marks)**

b) Solve $5(r - 1) - 2(r - 2) = -3$ **(03 marks)**

32. a) Town **P** is 55km West of town **Q**. Town **R** is 70km from town **P** on a bearing of 235° . Using a scale of 1cm to represent 10km, draw an accurate diagram to show the three towns. **(04 marks)**

b) Find the bearing of town R from town Q. **(01 mark)**
